This guide provides a list of courses and course choices that fulfill the General Education Core Curriculum for students planning to transfer to Texas State University. This core curriculum list serves as the common foundation for transfer students and the majors they are pursuing. Keep in mind that direct junior college and university equivalencies may differ from Texas Common Core Numbers (TCCN). Individual degree programs (B.A., B.S., B.B.A., etc.) will have additional specific course requirements. Updates to the core curriculum are made periodically.

A complete list of Texas State’s Core Curriculum can be found in the Undergraduate Catalog.
