Music

Mission Statement

The School of Music is committed to excellence in music teaching and learning for all students at Texas State. As a unit within Texas State, we provide a liberal education with emphasis on cultural values by offering special course work in the arts and humanities.

The School of Music offers thorough preparation for careers in music, music education and sound recording. In addition, it provides opportunities for all university students to develop musical skills and cultural understanding. The School also serves as an outstanding cultural resource for the university and San Marcos communities.

Music graduates with teacher certification work as band directors, choir directors, orchestra directors, or general music teachers. Music Performance and Jazz Studies graduates perform, establish their own teaching studios, attend graduate school, or use their music degree as a foundation for their careers. Sound recording graduates work as sound recording engineers, producers, and technicians in the recording and entertainment industries. Bachelor of Arts graduates work in arts administration, musicology, librarianship, music therapy, and other music-related fields such as law, management, and sales. The choices of profession for a student completing a Bachelor of Arts or a Bachelor of Music are numerous.

Courses Offered

Courses are offered in individual and ensemble performance, music education, history, literature, theory, composition, jazz, and sound recording. All university students, both music majors and non-music majors, are encouraged to participate in performing ensembles. However, due to the limited availability of private applied music instruction, as well as certain other music classes, the School may use the following criteria for determining students' access to music instruction:

1. studio/class space availability;
2. student's overall musical talent, musical achievement, and

Admission Requirements

Students wanting to enter the music program as a music major must audition the semester before their desired entrance. Students interested in sound recording technology must complete an additional application and interview.

Freshman and Transfer Admission

Admission to the School of Music is contingent upon admission to Texas State. In addition to meeting University admission criteria, students intending to major in music must audition on their principal instrument or voice. Admission to the School will be based upon the audition and the available space in each studio. Moreover, a successful audition does not automatically ensure acceptance to Texas State. Prospective music majors will not be permitted to enroll in applied music and other music major classes until they have passed the audition.

Auditions are held periodically throughout the year for enrollment the following academic year. Those prospective music students unable to audition in person due to geographic distance from campus may submit an audio or video recording representative of their performing abilities. Deadline for recorded audition is March 1 (Fall admission) or November 1 (Spring admission). Audition requirements are available upon request and on the School of Music website.

School Policies

Those planning careers in music must have a high level of musical skill and understanding. To help evaluate musical skills for counseling and placement purposes, the School of Music requires all music majors to pass several evaluations.

Music Theory Proficiency

All music majors must pass the theory proficiency examination before applying for graduation. A passing score is also a prerequisite for advanced theory coursework. Theory proficiency requirements are available on the School's website.

Piano Proficiency

All music majors must pass a piano proficiency examination. Students seeking teacher certification must do so no later than the semester before student teaching. All other students must pass their piano proficiency before graduating. Piano Proficiency requirements are available on the School's website.

Upper-Level Competency Review

The upper-level competency review helps music majors select and pursue the most suitable career. On completion of four long semesters as a music major, the student's total record is reviewed by the music faculty. This review is completed before the student enrolls for 3000-level courses in the degree area. The upper-level competency review is offered at the end of each long semester. Specific information and requirements are available in The Music Student Handbook.

Transfer students with four or more semesters of music study should complete the exam at the end of the first long semester of study at Texas State.

Senior Recital

A senior recital is required for all undergraduate degree programs except Sound Recording Technology and the Bachelor of Arts. Students seeking teacher certification must present the recital the semester before student teaching. Specific requirements for the senior recital are described in The Music Student Handbook.

Recital Attendance Requirements

Each semester, various recitals and concerts are presented by students, faculty, and visiting artists. All undergraduate music majors are required to attend a significant number of these events each semester, through enrollment in Departmental Recital. In addition, applied music teachers may require attendance at all recitals in the individual performance area of each student.

Grade Requirements

Students majoring in the School of Music must achieve a grade of "C" or higher (including a CR in Departmental Recital) on all required music (MU, MUSE and MUSP) courses.

Student Teaching Requirements

Before being allowed to enroll for student teaching, music students must have: (1) completed all major coursework for the degree with a "C" or higher; (2) presented a senior recital; (3) passed the piano and theory proficiency examinations; and (4) fulfilled the requirements for teacher certification as determined by the College of Education.

Ensemble Requirements

All music majors (except SRT and BA majors) must participate in the appropriate major ensemble each semester. The Music Student Handbook describes ensemble requirements for each degree program. Only one major and one secondary ensemble will be counted toward the degree per semester.

Specializations

The School of Music offers specializations in jazz and mariachi music. These specializations require courses beyond the basic degrees. Requirements for these specialization programs are described in The Music Student Handbook.

Music Fees

(In addition to registration fees). This is a partial listing. Please consult the schedule of classes for other fees.

- Instrument rental fee—\$30 per semester
- Recital program, typing & printing—\$10
- Recital recording—\$15

NOTE: Students enrolled in private voice lessons or instrumentalists preparing for recital performances are responsible for the cost of providing their own accompanist for lessons, rehearsals, and recitals.

Theatre

The Department of Theatre and Dance provides classroom instruction in all phases of live theatre performance. That instruction is reinforced by students' participation in every area of theatrical production and performance.

All theatre majors take a sixteen hour core curriculum in the discipline, and then specialize in acting, design/technology, performance and production, musical theatre, or certification to teach in the public schools. Graduates of the theatre program work as teachers, actors, designers, writers, producers, directors, and technicians in film, television, and theatre. Some have also gone on to pursue advanced degrees, conducting further preparation for the profession or preparing to teach at the college or university level.

Texas State's dance program prepares professional performers and choreographers and certifies teachers for the public schools. Students explore several forms of dance and learn to use those forms in educational and community settings. The role of dance as an art form and a means of developing sound aesthetic values are paramount in the program. Graduates work in public schools, private schools, private studios, and professional dance groups. Some have also gone on to pursue advanced degrees, conducting further preparation for the profession or preparing to teach at the college or university level.

Special Requirements

Theatre majors must possess a 2.5 GPA to be eligible for casting in a major production and for admission into the Acting, Musical Theatre, and Design & Technology programs. Students who are admitted to these three programs must maintain a 2.5 GPA to remain in the program. Students who fail to do so will be advised into another program.
