The Forensic Anthropology Society is proud to announce the second annual Texas State University Forensic Anthropology Conference featuring Dr. Bruce Anderson, Dr. Krista Latham, Dr. Joseph Hefner, and Dr. Eric Bartelink. Please join us to learn more about these contemporary issues in forensic anthropology.

Dr. Eric Bartelink is an Associate Professor of Physical Anthropology and the Director of the CSU-Chico Human Identification Laboratory (CSUC-HIL), the Stable Isotope Preparation Laboratory (SIPL), and co-coordinator of the Certificate in Forensic Identification. Dr. Bartelink's specializations include the applications of stable isotope analysis for identification of unknown individuals. Dr. Bartelink will lecture on isotope analysis to define geographic origins and how this analysis applies to migrant identification.

Dr. Krista Latham is an Associate Professor of Biology and Anthropology, the Director of Osteology of the University of Indianapolis Archeology and Forensics Laboratory and Director of the University of Indianapolis Molecular Anthropology Laboratory. Dr. Latham investigates aspects of skeletal biology, population genetics, and skeletal DNA. Dr. Latham will lecture on her experiences in forensic archaeology along the Texas-Mexico border.

Dr. Joseph Hefner is an Assistant Professor of Anthropology at Michigan State University. He specializes in forensic anthropology and quantitative methods, with primary interests in the estimation of ancestry using morphoscopic (cranial nonmetric) traits and cranial and post-cranial metrics. Dr. Hefner will lecture on the use of cranial non-metric and metric traits to assess ancestry estimation of migrants along the US Mexico border.

Dr. Bruce Anderson is a Forensic Anthropologist for the Pima County Office of the Medical Examiner (PCOME), in Tucson, Arizona and an Adjunct Assistant Professor of Anthropology at the University of Arizona. Dr. Anderson's interests include Human skeletal variability and human identification in medico-legal cases. Dr. Anderson will lecture on his experiences with migrant identification at PCOME.

Texas State University, 601 University Drive, San Marcos, Texas 78666

This event is sponsored by the University Lecturer Series, and the Forensic Anthropology Society, the Department of Anthropology, and the Forensic Anthropology Center at Texas State. Directions can be found at: http://www.maps.txstate.edu/driving_maps/lbj_driving.html. For more information, contact Megan Veltri at mfv7@txstate.edu.
