Completing the Checkout Process – Multiple Funding

A cart can have multiple funding splits in two ways:
1. Split of entire cart by percentage
2. Split of individual line items by percentage or designated amount.

Entire Cart by Percentage

STEP 1: While the requisition is in the Final Review workflow, click on the Accounting Codes tab.

STEP 2: In the header area at the top of the Accounting Codes tab, click the third edit button. Accounting Codes pop-up menu appears.

STEP 3: Click add split. Second row of code fields appears.
Completing the Checkout Process – Multiple Funding

STEP 4: Selection can only be split by percentage. If you need to split by a certain amount, you must do this by line item.

STEP 5: Over write the funding on the line(s) that you want to use for the split. You can also change the original funding.

STEP 6: Enter the percentage the cart will be split by. Once you have added the percentages, click on **recalculate / validate**. This will show the total percentage. The total percentage must be 100%.

STEP 7: If you will be splitting by 3 or more funds, click on **add split** and another line will be added.

STEP 8: Click **Save** when all splits have been added.
Completing the Checkout Process – Multiple Funding

**Split by Line Item**

**STEP 1:** While the requisition is in the Final Review workflow, click on the Accounting Codes tab.

**STEP 2:** In the line item area at the bottom of the Accounting Codes tab, click the third edit button—right above Supplier subtotal. Accounting Codes pop-up menu appears. **Note: You cannot split an asset that has been assigned an asset number**

**STEP 3:** Click *add split*. Second row of code fields appears.
Completing the Checkout Process – Multiple Funding

**STEP 4:** Choose the method of splitting the funding from the drop-down menu.

**STEP 5:** Enter the information for the second funding information. Once you have added the information, click on **recalculate / validate**. The Split Total must equal either 100%, total amount of line item and/or total quantity.

**STEP 6:** If you will be splitting by 3 or more funds, click on **add split** and another line will be added.

**STEP 7:** Click **Save** when all splits have been added.

Step 3B: At the next screen click on Proceed to Checkout.

Step 4: The **Header Accounting Code** section, as shown below, applies to every line. If you need different accounting codes on different lines, then you must change each line’s accounting codes on the requisition. Only lines that differ from the Header Accounting Code section will need to be changed. Enter in the information in all the **Required Field** areas making sure that the correct account combination is entered; and then click **Save**. Click on the **Edit** button to the right of each accounting code lines.
Step 5: To setup the Limit Framework, select edit on the second line in the Header Accounting Codes section and enter the following:

1. Select the correct Purchasing Group; CPO for most of the campus.
2. Change the PO Type to BCF;
3. Under Limit Select B.
4. Leave Expected Value and Overall Limit blank.
5. Enter a valid start date and end date for the Framework.
6. Click Save after all data in the Header Accounting Codes is entered correctly.

***It is critical that the dates are entered as shown in the example MMDDYYYY. The framework order will fail and not post into SAP if entered incorrectly.***

Step 6: To set the Expected Value and Overall Limit for each line, make sure the Accounting Codes tab is selected; scroll down to the Product Description section.

Step 6A: For line 1, click on the edit button to the right of Other Information 2 (same as header) line. A pop-up screen will appear that will allow you to enter the Expected Value and the Overall Value. When you have finished, click on the Save button. Make sure that for each line, you click edit and enter the Expected Value and the Overall Value, clicking on the Save button after each entry.

Step 7: If you need to attach any internal or external notes and or attachment, proceed to those tabs. Once the notes and attachments sections are complete or you do not have any, proceed to the Final Review tab. (See Completing the Checkout Process – Internal and External Notes and Attachments)

**Step 8:** On the **Final Review** it will be noted if you have completed all the required fields. If you have not, you will need to complete them before you can place the order or assign the cart. There may be a note stating that there is an error, but it will not prevent you from placing the order or assigning the cart. Review the **Accounting Code** section to ensure the correct values are entered for the framework values and the account assignment values. Click on **Place Order** or **Assign Cart** as applicable. If not a requisitioner, only the **Assign Cart** option will be available. Once the cart is placed into order, the requisition will go through the standard workflow for approvals. After approvals, the order is sent to the vendor and imported into SAP. Login into SAP and view the framework order.
