| Active      | A/E Services RFQ      | 2/25/2022 DUE 3/24/2022 | **Name:** Academic Building  
**Institution:** Lamar State College - Orange  
**GSF:** 51,340  
**Estimated CCL:** $27,000,000  
The new Academic Building will relocate general instructional classrooms and science labs, faculty and instructional classrooms and science labs, faculty and administrative offices, and IT support services currently housed in the existing Academic Center. In addition, the building will include a building foyer, a student commons, a leadership suite, a faculty resource center, a campus demarcation room, and a media / video production suite. The building will also include an allocation of space for distributed gathering and building support spaces. The new building is envisioned as a two-story facility with the science labs and academic administration on the second floor, and the classrooms and media / video production suite on the first floor, creating an active first floor and quieter second floor. The first floor commons will be the hub for the building with the large classroom easily accessible. |
| Active      | Design/Build RFQ      | 3/8/2022        | **Name:** College of Medicine Parking Structure  
**Institution:** Sam Houston State University (Conroe)  
**GSF:** N/A  
**Estimated CCL:** $22,000,000  
Construction of this parking structure is necessary to create space for the Allied Health Sciences Building within an existing surface parking lot at the University’s Conroe campus. It is anticipated that this new parking structure will provide approximately 1,000 parking spaces. The project will be initiated in FY 2022 following a brief programming effort. |
| Imminent    | CMR Services RFQ      | 3/18/2022       | **Name:** Commercial Driver Education and Examination Center  
**Institution:** Lamar State College - Port Arthur  
**GSF:** N/A  
**Estimated CCL:** $4,000,000  
The Commercial Driver Education and Examination Center will support the timely flow of commercial drivers from training to licensing. The project includes a new 5,600 square foot classroom building and a 900 square foot office building, on approximately 24 acres of land. Site development includes approximately 6.5 acres of rolled concrete paving for real-world truck driving skills training, six lanes for truck parking and four lanes for testing. Site improvements include the creation of on site storm water detention and storm water management systems. |
| Pending     | CMR Services RFQ      | Mid April 2022  | **Name:** Academic Building  
**Institution:** Lamar State College - Orange  
**GSF:** 51,340  
**Estimated CCL:** $27,000,000  
The new Academic Building will relocate general instructional classrooms and science labs, faculty and instructional classrooms and science labs, faculty and administrative offices, and IT support services currently housed in the existing Academic Center. In addition, the building will include a building foyer, a student commons, a leadership suite, a faculty resource center, a campus demarcation room, and a media / video production suite. The building will also include an allocation of space for distributed gathering and building support spaces. The new building is envisioned as a two-story facility with the science labs and academic administration on the second floor, and the classrooms and media / video production suite on the first floor, creating an active first floor and quieter second floor. The first floor commons will be the hub for the building with the large classroom easily accessible. |
| Pending     | A/E Services RFQ      | Mid-June 2022   | **Name:** Esperanza Hall  
**Institution:** Texas State University (Round Rock)  
**GSF:** 81,650  
**Estimated CCL:** $36,600,000  
This will be the fourth academic building on the Round Rock Campus and includes classrooms, labs, and offices to support four departments in the College of Health Professions, the Advising Center, and the Dean’s Office. |

| Pending  | CMR Services RFQ      | Late September 2022   | Name: Active Learning Center  
Institution: Sam Houston State University  
GSF: 80,000  
Estimated CCL: $28,000,000  
This project will construct and equip a facility to more adequately support active learning for student success with modern, activated teaching spaces. |
| Pending  | A/E Services RFQ      | Late October 2022     | Name: Health Professions Building  
Institution: Sam Houston State University  
GSF: 81,250  
Estimated CCL: $45,500,000  
Programmatic investment in allied health fields of study will continue to accelerate for the University. The Nursing and Health Promotions programs, which are already at capacity, will need to expand to meet growing demand for training in these fields. Additional programs include Master of Occupational Therapy, Sports Medicine, expansion of Kinesiology, Physician Assistant, and Master of Public Health. These and other health related programs will require additional teaching, laboratory, research, and professional office space. |
| Pending  | CMR Services RFQ      | Early November 2022    | Name: Library Renovation  
Institution: Lamar University  
GSF: 174,417  
Estimated CCL: $42,700,000
