

Travel and Hotels in San Marcos

If you go to any travel website and look up hotels in San Marcos, TX all of them in town will be close to the workshop site. I always recommend that participants hire a rental car to get around town. If this is not an option, if you stay within San Marcos, TX there will be a shuttle option for you to hire to get to and from the workshop daily. Please contact Sophia to reserve shuttle space: sm78@txstate.edu

Many participants elect to stay at the Embassy Suites, although this is a more expensive option.
