---

(1) The Available Pledged Revenues shown above consist of tuition, designated tuition, student center fees, and recovery of indirect costs for federal grants and contracts, federal pass-through grants from other agencies and State grants and contracts. Excludes State appropriations for reimbursement of debt service on tuition revenue bonds ("TRBs").

(2) The Texas State University System Combined Annual Financial Report, as adjusted for revenue streams unavailable for payment of debt service. In addition to current year Pledged Revenues, any unappropriated year-end balances are available for payment of debt service.

(3) Certain revenue streams are unavailable for debt service. The portion of the System's unrestricted net position resulting from those revenue streams has been excluded.

(4) Amounts reported as "As Adjusted for Revenue Streams Unavailable for Debt Service" were formerly reported as "Available Pledged Revenues Fund Balances." This amount is the unappropriated or reserved net position remaining at year-end that is available for payment of the subsequent year's debt service. Amounts formerly reported as "Total Pledged Revenues and Fund Balances" are reported as "Total Pledged Revenues and Unrestricted Net Position."

(5) Details concerning the net pension and OPEB liabilities, deferred outflows of resources, deferred inflows of resources, and expenses may be found in the Notes to the Financial Statements of the TSUS Annual Financial Report. Significant changes to actuarial assumptions and the discount rate assumptions for the OPEB liability between FY 18 and FY 19 exist. Further information may be found on the GASB Requirements webpage published by the Employees Retirement System of Texas, who administers the plan.

(6) The effect on unrestricted net position resulting from the liabilities related to unfunded pension and other post-employment benefits has been excluded to arrive at an unrestricted net position after adjustments. For further details related to the liabilities, see the Notes to the Financial Statements in the System's Annual Financial Report for each year.

(7) Unexpended Higher Education Fund (HEF) funds carry forward to the next fiscal year. The year-end net positions attributable to HEF reflected are eligible to be applied to the payment of debt service on Parity Debt issued for qualifying projects as permitted in accordance with Article VII, Section 17(a) of the Texas Constitution; however, HEF funds are not Pledged Revenues.

(8) Historically, the State Legislature has appropriated general revenue funds in the State's budget each biennium to reimburse institutions of higher education for debt service on certain revenue bonds ("Tuition Revenue Bonds") issued pursuant to specific statutory authorizations for individual institutions and projects identified in Chapter 55 of the Texas Education Code. The annual TRB appropriations are not Pledged Revenues.

* A portion of such outstanding Parity Debt constitute Tuition Revenue Bonds that qualify the University System to be reimbursed from State appropriations for debt service payments in the amount of $34.3 million during fiscal year 2022. Future reimbursement by the State for debt service payments is entirely subject to future appropriations by the State Legislature in each subsequent State Biennium.
