ARCHITECT/ENGINEER PROFESSIONAL SERVICES
Texas State University System
Austin, Texas
Renovation of O. Henry Hall
RFQ No.: 758-16-00038

SECTION 1 – GENERAL INFORMATION & REQUIREMENTS

1.1 GENERAL INFORMATION: The Texas State University System (TSUS) (“Owner”) is soliciting Statements of Qualifications for selection of an Architect/Engineer (A/E) firm for design of the Renovation of O. Henry Hall project (“Project”) located in Austin, Texas, in accordance with the terms, conditions, and requirements set forth in this Request for Qualifications (RFQ).

1.1.1 Collecting Statements of Qualifications in response to this RFQ is the first step in selecting an A/E firm. This RFQ provides the information necessary for respondents to prepare and submit Statements of Qualifications for consideration and initial ranking by the Owner. In the next step the Owner will determine an initial ranking of the respondents. If the initial ranking of the respondents is reasonably conclusive, the Owner may make a “most qualified” selection based upon the written Qualifications only. If not, then the Owner may conduct interviews with a “short list” of respondents.

1.1.2 The Owner may select up to five (5) of the top ranked qualified respondents to participate in an interview with the Owner to confirm and clarify the qualifications submitted and to answer additional questions. The Owner will then rank the interviewed respondents in order to determine a single most qualified respondent.

1.1.3 After selecting the most qualified respondent the Owner will negotiate the detailed professional services to be provided by the A/E and a suitable fee for those services. The Owner will request a fee proposal from the most qualified respondent, with supporting information demonstrating that the requested fee is justified by the level of effort (and related personnel costs) required to provide the services necessary for the design of the Project. Potential respondents should be aware that, except in unusual cases, the Owner does not consider billable time incurred while traveling to and from the Project site, Owner’s offices, or Board of Regents meetings as necessary to the completion of the Project. Potential respondents whose offices are located such that such time-consuming travel will be regularly required in the performance of services for the Project should consider this policy when deciding whether or not to submit their qualifications.

1.2 PUBLIC INFORMATION: All information, documentation, and other materials submitted in response to this solicitation are considered non-confidential and/or non-proprietary and are subject to public disclosure under the Texas Public Information Act (Texas Government Code, Chapter 552.001, et seq.) after the solicitation is completed. The Owner strictly complies with all statutes, court decisions, and opinions of the Texas Attorney General with respect to disclosure of RFQ information. Additionally, if required pursuant to the provisions of Senate Bill 20 (79th Legislature 2015), the contract resulting from this solicitation will be posted on the Owner’s website.

1.3 TYPE OF CONTRACT: Any contract resulting from this solicitation will be in the form of the Owner’s Standard Architect/Engineer Agreement, a copy of which will be provided to all firms selected for interviews or, in the case where no interviews are conducted, to the selected most qualified respondent.
1.4 **CLARIFICATIONS AND INTERPRETATIONS:** Any clarifications or interpretations of this RFQ that materially affect or change its requirements will be posted by the Owner as an addendum on all media channels where it was initially advertised. It is the responsibility of all respondents to obtain this information in a timely manner. All such addenda issued by the Owner before the proposals are due, are considered to be part of the RFQ, and respondents shall acknowledge receipt of each addendum in its Qualifications. Respondents shall consider only those clarifications and interpretations that the Owner issues by addenda five (5) days prior to the submittal deadline (see Section 2.5 for date). Interpretations or clarifications in any other form, including oral statements, will not be binding on the Owner and should not be relied on in preparing Qualifications.

1.4.1 **ADDENDA AND AWARD INFORMATION WILL BE ISSUED BY THE TEXAS STATE UNIVERSITY SYSTEM FOR THIS RFQ VIA THE ELECTRONIC BUSINESS DAILY WEBSITE AT:** HTTP://ESBD.CPA.STATE.TX.US. **REFERENCE THE RFP NUMBER PROVIDED IN THIS RFQ.**

1.5 **SUBMISSION OF QUALIFICATIONS:**

1.7 EVALUATION OF QUALIFICATIONS: The evaluation of the Qualifications shall be based on the requirements described in this RFQ. All properly submitted Qualifications will be reviewed, evaluated, and ranked by a Selection Committee appointed by the Associate Vice Chancellor for Facilities. The top five or fewer ranked respondents may be selected by the Owner for further consideration by participating in an interview wherein qualifications will be presented and examined in further detail and where questions will be posed by the Selection Committee and answered by the respondent.

1.7.1 Qualifications submittals should not include any information regarding respondent’s proposed fees, pricing, or other compensation considerations as these will not be a factor in the selection of the most qualified firm.

1.8 OWNER’S RESERVATION OF RIGHTS: The Owner may evaluate the Qualifications based on the anticipated completion of all or any portion of the Project. The Owner reserves the right to divide the Project into multiple parts, to reject any and all Qualifications and re-solicit for new Qualifications, or to reject any and all submissions and temporarily or permanently abandon the Project. Owner makes no representations, written or oral, that it will enter into any form of agreement with any respondent to this RFQ for any project and no such representation is intended or should be construed by the issuance of this RFQ.

1.9 ACCEPTANCE OF EVALUATION METHODOLOGY: By submitting its Qualifications in response to this RFQ, respondent accepts the evaluation process and acknowledges and accepts that determination of the “most qualified” firm(s) will require subjective judgments by the Owner.

1.10 NO REIMBURSEMENT FOR COSTS: Respondent acknowledges and accepts that any costs incurred from the respondent’s participation in this RFQ shall be at the sole risk and responsibility of the respondent.

1.11 MANDATORY PRE-SUBMISSION CONFERENCE: A MANDATORY pre-submission conference is scheduled for July 22, 2016, 9:30 a.m. (Central Daylight Time) at:

Texas State University System Board Room

Thomas J. Rusk State Building  
Austin, Texas  78701

1.12 ELIGIBLE RESPONDENTS: Only individual firms or lawfully formed business organizations may apply (This does not preclude a respondent from using consultants.) The Owner will contract only with the individual firm or formal organization that submits a Qualification.

1.13 HISTORICALLY UNDERUTILIZED BUSINESSES’ SUBMITTAL REQUIREMENTS: It is the policy of TSUS and each of its component institutions, to promote and encourage contracting and
subcontracting opportunities for Historically Underutilized Businesses (HUB) in all contracts. Refer to the Texas State Comptroller’s website at:
http://www.cpa.state.tx.us/procurement/prog/hub/hub-subcontracting-plan/

Accordingly, specific plans and representations by respondents that appear to facilitate the State’s commitment to supporting HUB enterprises will be favorably considered in the selection process. Failure to submit specific plans and representations regarding HUB utilization, or failure to address the subject at all, will be interpreted by the Selection Committee as an intention not to support the program.

1.14 CERTAIN PROPOSALS AND CONTRACTS PROHIBITED: Under Section 2155.004, Texas Government Code, a state agency may not accept a proposal or award a contract that includes proposed financial participation by a person who received compensation from the agency to participate in preparing the specifications or request for proposals on which the proposal or contract is based. All vendors must certify their eligibility by acknowledging the following statement, "Under Section 2155.004, Government Code, the vendor certifies that the individual or business entity named in this bid or contract is not ineligible to receive the specified contract and acknowledges that this contract may be terminated and payment withheld if this certification is inaccurate." If a state agency determines that an individual or business entity holding a state contract was ineligible to have the contract accepted or awarded as described above, the state agency may immediately terminate the contract without further obligation to the vendor. This section does not create a cause of action to contest a proposal or award of a state contract.

1.15 SALES AND USE TAXES: Section 151.311, Tax Code, as amended effective October 1, 1993, permits the purchase free of state sales and use taxes of tangible personal property to be incorporated into realty in the performance of a contract for an improvement to realty for certain exempt entities that include TSUS. The section further permits the purchase tax-free of tangible personal property (other than machinery or equipment and its accessories and repair and replacement parts) for use in the performance of such a contract if the property is "necessary and essential for the performance of the contract" and "completely consumed at the job site." In addition, the section permits the purchase tax-free of a tangible service for use in the performance of such a contract if the service is performed at the job site and if "the contract expressly requires the specific service to be provided or purchased by the person performing the contract" or "the service is integral to the performance of the contract."

1.16 CERTIFICATION OF FRANCHISE TAX STATUS: Respondents are advised that the successful respondent will be required to submit certification of franchise tax status as required by State Law (H.B. 175, Acts 70th Leg. R.S., 1987, Ch. 283, p. 3242). The contractor agrees that each subcontractor and supplier under contract will also provide a certification of franchise tax status.

1.17 DELINQUENCY IN PAYING CHILD SUPPORT: Under Section 231.006, Family Code, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.

1.18 STATE REGISTRATION OF ENGINEERING FIRMS: Respondents are advised that the Texas Board of Professional Engineers requires that any entity providing engineering services to the public must register with the Texas Board of Professional Engineers. An entity is defined as a sole proprietorship, firm, partnership, corporation or joint stock association.

1.19 STATE REGISTRATION OF ARCHITECTURAL FIRMS: Respondents are advised that the Texas Board of Architectural Examiners requires that any entity (including architects, landscape
architects and interior designers) providing architectural services (including architects, landscape architects and interior designers) to the public must register with the Texas Board of Architectural Examiners. An entity is defined as a sole proprietorship, firm, partnership, corporation or joint stock association.

Contractors shall make every effort to carpool when possible.

SECTION 2 – EXECUTIVE SUMMARY

2.1 HISTORICAL BACKGROUND: The Texas State University System, founded in 1911, is the first higher education system established in Texas. Beginning as an administrative means to consolidate the support and management of state teacher colleges, the System has evolved into a network of higher education institutions stretching from the Texas–Louisiana border to the Big Bend region of west Texas.

Today, eight component institutions offer a broad range of academic and career opportunities. Throughout the System, faculty and staff are preparing students to work in and contribute to our global society.

The Texas State University System member institutions include:

- Lamar University
- Sam Houston State University
- Sul Ross State University
- Texas State University
- Lamar Institute of Technology
- Lamar State College - Orange
- Lamar State College - Port Arthur
- Sul Ross State University Rio Grande College

The Texas State University System is governed by a nine-member Board of Regents appointed by the governor. In addition, a nonvoting student regent is appointed annually to the board. The administration, which is headed by a board-appointed chancellor, is based in Austin, where it provides support to the System components and state government.

2.2 MISSION STATEMENT: The mission of the Texas State University System is:

- To advance and extend knowledge, learning, and culture, especially within Texas.
- To provide opportunities for individuals to develop intellectually, personally, and professionally.
- To prepare students to contribute to the state’s and nation’s economy, culture, and future.
- To offer undergraduate and graduate instruction leading to professional certificates and undergraduate, master’s, and doctoral degrees.
- To provide public services that enrich the institutions, communities, and the state.
- To foster creative and artistic expression that enhances the cultural richness of the state.
To support research and commercial development that result in new technologies and products which benefit the state.

2.3 DESCRIPTION, SCOPE AND BUDGET: Texas State University System (TSUS) is requesting qualifications from qualified architectural and engineering firms with historic preservation experience and expertise to perform complete design services for the selective restoration/renovation of the O. Henry Hall Building located at the corner of East Sixth Street and Colorado in Austin, Texas.

O. Henry Hall was built during the period 1877-1881 as a federal courthouse and post office and was the sixth United States post office location in Austin, dating from the establishment of the first post office in 1840. The building was constructed by Abner Cook, famed early Texas builder, at a cost of $200,000. James G. Hill of the U. S. Treasury Department was the supervising architect. Following construction of the new post office at 210 West Sixth Street in 1912-1914, the building continued to be used as a courthouse and later for miscellaneous federal agencies until 1968. Given to the University of Texas System (UTS) by the federal government, the building was restored by the university in 1971 and named O. Henry Hall after William Sidney Porter, a noted American short story writer whose pseudonym was O. Henry and whose trial was held here in the federal courthouse. Architecturally, the building is considered to be of national significance because of its exact symmetry and pure lines apparently inspired by the design of Italian High Renaissance palaces popular in the late 1870's. Compared to typical architectural design of federal courthouses in this period, this building is unique both in Texas and the nation. TSUS acquired the building from UTS in 2016.

The Project will be divided into several phases for both design and construction. At the discretion of TSUS, the selected respondent through this procurement process may be retained for later phases of work for three years past the substantial completion of the initial phase of Work.

The first phase consists of work associated with the complete replacement of the HVAC system that is currently served by hydronic piping from the University of Texas System infrastructure. The replacement system is anticipated as a stand-alone package unit using air cooling with new DDC controls and new ductwork and associated diffusers. Existing HVAC mechanical equipment located in the attic will need to be removed. Access to the equipment is anticipated to be through the standing seam roof panels via hoist equipment. Knowledge of City of Austin policy regarding sidewalk and street barricades/closures as well Austin Energy procedures/protocols is preferred. Existing ceiling tiles will be removed and replaced with new acoustical ceiling tile. A new commercial kitchen is anticipated on the third floor of the building with spatial modifications as necessary to meet the intent of a formal gathering space for special events. Accessibility upgrades to the exterior as well as the third floor are planned. Exterior Envelope work (e.g. select windows & brick restoration) as well as paint removal and re-application from the windows that are restored or partially restored are included as part of the scope of the Project. The Project has two elevators that will not need to be renovated for aesthetics and operation. IT/AV/Security back bone will need to be included as part of this Project.

Early procurement of long lead items is expected to be performed by the selected Construction Manager-at-Risk.

TSUS conducted a due diligence study which will provided to the short listed respondents.

The Construction Cost Limitation is estimated to be $4,000,000.00.
