

Michigan Medicine Administrative Fellowship Program

The Michigan Medicine Administrative Fellowship is a two-year program designed to provide an exceptional foundation for those seeking a career in academic health center administration. Year one emphasizes strategic rotations and high-impact project work, while year two is structured as a customizable immersion, where the fellow is an embedded resource within a specific area of their choosing. The fellowship provides a unique opportunity to become a standing attendee at executive level meetings, receive mentorship from institutional leaders, and develop competencies and experiences that propel post-fellowship success.

Our Team

Taylor Winn
2nd Year Fellow

DeAnthony Hardison
1st Year Fellow

Swati Bajpayee
1st Year Fellow

Jennifer Egan
1st Year Fellow
