APPENDIX ONE: AGREEMENT
Section 1 – General Information

1.1 OBJECTIVE: The Texas State University System ("The System") is soliciting proposals in response to this Request for Proposal RFP No. 758-19-00068 (this “RFP”), from qualified vendors to provide Third Party Administrator (“TPA”) services for auto claims (the “Services” or “Project’). The System expects to enter into a contract with the selected firm or firms to provide the Services as further described in Section 5 of this RFP.

This solicitation sets forth, at a minimum, the specifications, terms, conditions, and requirements to be considered for this solicitation. System will select the proposal(s) that offers the “best value” based on the published selection criteria and on its ranking evaluation of submitted proposals. Firms that respond to this RFP will be referred to as “Proposers.”

1.2 DESCRIPTION OF THE SYSTEM: The Texas State University System, founded in 1911, is the first higher education system established in Texas. Beginning as an administrative means to consolidate the support and management of state teacher colleges, the System has evolved into a network of higher education institutions stretching from the Texas–Louisiana border to the Big Bend region of West Texas.

The System includes a System Administration office and seven (7) component institutions that offer a broad range of academic and career opportunities. Throughout the System, faculty and staff are preparing students to work in and contribute to our global society. The System and its component institutions (“Component Institutions”) are:

• The Texas State University System Administration, Austin, Texas
• Lamar University, Beaumont, Texas
• Sam Houston State University, Huntsville, Texas
• Sul Ross State University, Alpine, Texas
• Texas State University, San Marcos, Texas
• Lamar Institute of Technology, Beaumont, Texas
• Lamar State College - Orange, Orange, Texas
• Lamar State College - Port Arthur, Port Arthur, Texas

The Texas State University System is governed by a nine-member Board of Regents appointed by the governor. In addition, a nonvoting student regent is appointed annually to the board. The administration, which is led by a board-appointed chancellor, is based in Austin, where it provides support to the Component Institutions and state government.

1.3 BACKGROUND & SPECIAL CIRCUMSTANCES: The System’s Office of Finance is looking to make structural changes to its existing automobile insurance program. The System requires the assistance of an automobile liability and physical damage claims TPA with experience managing claims for higher education institutions and / or public entities in Texas. The successful Proposer(s) will be capable of providing nationwide TPA services related to the investigation and adjustment of the System’s automobile liability, physical damage claims management and claims payment services. The System prefers a qualified TPA that will deliver innovative solutions, provide prompt claim resolution, and has experience guiding new TPA programs.
Current providers:
- TPA: none
- Broker: Arthur J Gallagher

Estimated claim frequency (per year):
- Auto Liability Bodily Injury: 10
- Auto Liability Property Damage: 32
- Auto Physical Damage: 15

1.4 CONTRACT TERM: The base contract term shall be for three (3) years, beginning on the effective date of the Agreement. System may renew the contract for up to two (2) additional one (1) year terms. Notice of renewal will be issued in writing approximately thirty (30) days prior to the end of the current performance period.

1.5 SCHEDULE OF EVENTS:
   a. Issue RFP on or about: July 29, 2019
   b. Last Day for questions: August 7, 2019
   c. Proposals due: August 22, 2019 at 2:30 p.m. (Central Time)

1.6 CLASS AND ITEM (NIGP) CODES: The related Class and Item code(s) for goods / services requested are: 953-00, 958-61

1.7 GROUP PURCHASING AUTHORITY: Texas law authorizes institutions of higher education (defined by Section 61.003, Education Code) to use the group purchasing procurement method (ref. Section 51.9335, Education Code). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP.

Texas institutions of higher education ("IHEs") routinely evaluate whether a contract resulting from a procurement conducted by another IHE might be suitable for use, and if so, this RFP could give rise to additional purchase volumes. As a result, in submitting its proposal, Proposer should consider proposing a pricing model and other commercial terms that take into account the higher volumes and other expanded opportunities that could result from the eventual inclusion of other IHEs in the purchase contemplated by this RFP. Any purchases made by other IHEs based on this RFP will be the sole responsibility of those IHEs.

2.1.1 The System strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information under the Texas Public Information Act, Chapter 552, and Texas Government Code.

All such addenda issued by the System must be acknowledged by Proposers and incorporated into the RFP response (ref. Section 7).
