**Saturday, May 14, 2005**  
**9:30 a.m.**

Charles R. Matthews is Chancellor of the Texas State University System. He was named to the post by the TSUS Board of Regents on February 1, 2005. During his short time as Chancellor, Matthews has already become an outspoken voice for Higher Education at the Capitol in his numerous testimonies before various Legislative Committees.

As Chancellor, Matthews oversees one of the nation's fastest growing university systems. The TSUS serves almost 70,000 students, employs more than 13,125 people, and has an annual operating budget of approximately \$700 million. It consists of nine institutions: Angelo State University, Lamar University, Lamar State College-Port Arthur, Lamar State College-Orange, Lamar Institute of Technology, Sam Houston State University, Texas State University-San Marcos, Sul Ross State University, and Sul Ross State University-Rio Grande College.

A native Texan, Matthews has had a distinguished career in government, business, and civic leadership. Before being named TSUS Chancellor, he served as the 40<sup>th</sup> Commissioner of the Railroad Commission of Texas for ten years. First elected in 1994, he won re-election in 2000 to a second term, receiving the highest number of votes ever cast for a Railroad Commissioner.

Early in his tenure at the Commission, Matthews began efforts to modernize computer systems updating both equipment and software with the support of his colleagues. He also outlined the first reorganization of the Commission since its creation in 1891, implementing his vision for a Commission that better met the needs of its customers.

Matthews has been active in various associations on the state and federal levels. He was appointed to the Advisory Council of the Texas Hazardous Waste Research Center, the National Association of Regulatory Utility Commissioners, and appointed by Secretary of Transportation Norman Mineta to serve on the Technical Pipeline Safety Standards Committee.

Before taking office at the Railroad Commission in January 1995, Chancellor Matthews was a successful entrepreneur and a civic leader in the community of Garland, Texas. He served as Mayor, where he led the city in reducing the tax rate and cutting the cost of government. In addition, he served as President of the Texas Municipal Power Agency and was Governor William P. Clements' appointee to the Texas Turnpike Authority.

Chancellor Matthews holds a bachelor's degree from the University of Texas at Dallas and a master's degree in public administration from Texas State University-San Marcos. He is currently completing his doctoral studies in higher education administration at the University of Texas at Austin.

Matthews and his wife, Julia, have four grown children and five grandchildren. One of their daughters, Jenny Matthews Lewis, is graduating Saturday morning with the College of Fine Arts and Communication.

## COMMENCEMENT NOTES

The gowns, caps, and hoods worn at university functions date back to the early days of the oldest universities in the Middle Ages. Monks and students wore them to keep warm in the damp and drafty twelfth century halls of learning. This traditional academic dress has been gradually revised to the modern form you see today.

All gowns have a semi-stiff yoke, long pleated front, and intricate shirring across the shoulders and back. The bachelor's gown is worn closed, reaches between 8 and 10 inches from the floor, and has long sleeves from which the arms exit at the wrist. The master's gown may be worn open or closed and has long pointed sleeves closed at the end, the forearm coming through a slit near the elbow, with the flowing sleeve extending down the thigh. The doctor's gown may also be worn either open or closed but is distinguished by broad velvet panels down the front and by three velvet bars on the full bell-shaped sleeves. This velvet trimming may be either black or the color distinctive of the field of learning.

The black cap with maroon and gold tassel is worn by holders of a bachelor's and master's degree; the black velvet tam with gold tassel is worn by holders of a doctoral degree.

The hood (usually not worn by holders of the bachelor's degree) is a black shell, silk-lined in the color or colors of the institution conferring the degree. The colors of Texas State University-San Marcos are shown by a maroon lining crossed with a gold chevron. The velvet border of the hood is the color signifying the field of learning in which the degree was earned and not in the department in which the major was done. Thus, a degree conferred as master of education with a major in physical education requires the light blue of education rather than the sage of physical education. Similarly, the "doctor of philosophy" degree requires the royal of philosophy, not the color of the department in which the major of study was done.

Colors signifying various fields of learning, which you may see today, include:

Agriculture.....	Maize	Medicine .....	Green
Architecture .....	Blue Lilac	Music.....	Pink
Arts, Letters, Humanities.....	White	Nursing.....	Apricot
Commerce, Accountancy, Business .....	Drab	Oratory (Speech) .....	Silver Grey
Dentistry.....	Lilac	Pharmacy.....	Olive
Economics .....	Copper	Philosophy.....	Royal
Education .....	Light Blue	Physical Education.....	Sage
Engineering.....	Orange	Public Administration, Foreign Service.....	Peacock
Fine Arts.....	Brown	Public Health .....	Salmon Pink
Forestry.....	Russet	Science .....	Gold
Journalism .....	Crimson	Social Work.....	Citron
Law .....	Purple	Theology.....	Red
Library Science .....	Lemon	Veterinary Science.....	Gray

The universities represented by colors lining the hoods worn by our faculty are numerous; two examples are Baylor's dark green and gold, and Texas A&M's maroon and white. Please feel free to ask individual faculty members which institutions their colors represent.

## **THE CEREMONIAL MACE**

The use of a mace during university graduation ceremonies combines symbolic communication with the principle of vested authority at the most traditional and sacred of academic celebrations. The mace emphasizes the principle for which institutions of higher learning stand. It is a visible symbol of both the specific history of the institution as well as the more universal commitment of high quality in education, and the search for truth and beauty through the interaction of many academic disciplines. The mace bearer leads the faculty procession during a formal graduation ceremony. The mace, as a symbol of authority, adds meaning and dignity to the commencement ritual. Throughout the ceremony it reminds participants and spectators that education is one of the single most important aspects of freedom and democratic government.

## **THE TEXAS STATE UNIVERSITY-SAN MARCOS MACE**

The top of a mace is usually adorned with a symbol that is particularly significant to its university. It is appropriate that the Indian Blanket should be the symbol on top of the Texas State mace. The Indian Blanket, a native Texas wildflower technically known as the *Gaillardia pulchella*, holds a special significance for our university, since the school colors were selected from it. The mace flower was hand carved from four types of wood: osage orange, mesquite, pecan, and dark walnut, which are all native to the state of Texas. The top of the mace is solid pecan with inlaid bronze investment castings. Divided into eight sections, the sphere represents all of the colleges at Texas State. Each section features silicon bronze investment cast carvings that exemplify the academic interests of the departments making up each college. The spherical shape of the mace head is intended to convey a message about the international nature of the university and the interactive nature of academic interests that exist among the colleges. Since the strength of a sphere is well documented in the study of solid geometry, strength should be clearly associated with the interactive nature of each college represented. Comprising the main body of the mace, the stem is turned and hand carved from native Texas pecan. The wide area of contact between the stem and the sphere emphasizes the support for higher education provided by the state of Texas. Hand carved shapes of the state of Texas, in the upper portion of the stem, reinforce the concept of support. The stand features a piece of Texas pink granite that was part of the cornerstone material from our library. The wood support on the base is native Texas mesquite that combines the beauty of both sap and heartwood. The mace was designed and built by the Department of Engineering and Technology in 1990.
