

Texas State University 2019-2020 - International Student Health Insurance Plan

Eligibility

All enrolled international students in the United States with non-immigrant F-1 and J-1 student visa classifications are subject to the mandatory health insurance requirement. Students can either enroll in the health insurance plan or submit a waiver with equivalent insurance coverage that is government-sponsored or U.S. employer-sponsored.

If you do not enroll or obtain waiver approval by the first day of classes, a "Hold" will be placed on your Texas State University student account. This "Hold" will prevent you from making changes to your class schedule, registering for the next semester classes, applying for graduation, requesting a transcript, and applying for OPT. This hold can jeopardize your visa status for failure to maintain requirements of enrollment.

Texas State students may enroll online at txstateintl.myahpcare.com. Premium payments must be received at the time of enrollment in the health insurance plan, during the open enrollment period. Premium will not be accepted after the open enrollment period has ended.

Dependents of non-immigrant F-1 and J-1 Texas State students may be enrolled in the health insurance as a dependent of the Texas State primary visa student (F-1 or J-1). Dependents of non-immigrant non-Texas State F-1 and J-1 students are not eligible for the International Student Health Plan.

Free for All Insured Students
