A Resolution to be entitled “The Improvement of Texas State University Transportation Services Act” in relation to the Bobcat Shuttle system.

WHEREAS: The Student Government of Texas State University, on behalf of the student body of Texas State University, would like to address the concerns of the students relating to the University Transportation Services; and

WHEREAS: Currently, hundreds, if not thousands of students rely on the Bobcat Shuttle system to get on, off and around campus. A limited number of routes and buses lead to overcrowding, long wait times, and tardiness; and

WHEREAS: There are currently 45 buses in circulation spread out over 10 routes, though admirable, it is still not enough to accommodate Texas State’s rapidly growing population (Transportation Services, University Star, University Archives); and
WHEREAS: That all enrolled Texas State students pay a bus fee every semester and, as such, deserve to have a service that works for them; therefore,

BE IT RESOLVED: Student Government asks Transportation Services in conjunction with university administration to make discernable and necessary changes to the Bobcat Shuttle System by (1) Increasing the number of buses in the fleet, especially to the busiest routes (i.e. Blanco River, Aquarena Springs, Mill Street, Ranch Road, and Wonder World) (2) Adding an additional bus to the Night Service Routes, thereby reducing wait time and minimizing safety risks (3) Extending Friday Services to 7:00 p.m. to accommodate student workers who live off-campus,

and

BE IT FURTHER RESOLVED: This legislation be forwarded to the Student Body President for further action.
