Members of the Fine Arts Student Association of Texas State University question the subjectivity of ethics and truth and explore the origins and intersectionality of our existence. Working from various experiences and perspectives, FASA brings our work together to explore the different ways we communicate our individual truths, and how these serve to create and dissect a collective definition of truth.

This exhibition will run from **February 6th, 2020** through **April 17th, 2020**, with an opening reception on **Thursday February 6th from 4 – 6pm**. The exhibition and reception are free and open to the public.

Texas State University is a tobacco-free campus. If you require accommodations due to a disability in order to participate, please contact 512-245-2266 at least 72 hours in advance of the event.
