However, I did develop numerous testing forms, translated forms into Spanish and obtained IRB approval. In order to collect data at a Headstart, I had to have a background check and TB shot. I was ready to collect data when all schools and Head Start Centers closed. I modified my intended outcomes and engaged in numerous teaching and scholarly activities for my Developmental Leave. The Associate Provost approved my Developmental Leave report (see attached) and indicated that I had "strong progress" during Developmental Leave.
