State Law requires that each student identify any relation to a current Board of Regents member. A student who is related to a current member of the governing board of that institution is prohibited from receiving scholarships unless the scholarship is awarded exclusively based on academic merit or is an athletic scholarship. It is a Class B misdemeanor to file a false statement. Review a list of current members of the Texas State University System Board of Regents [HERE](#) and select the most appropriate answer below to indicate your relation to any of the Board's members.
