1. **The Foundation Directory** (on a single computer next to the reference desk)
   
   A searchable listing of philanthropic foundations. Use the text search to find biology or science related foundations. Grant amounts are provided.

2. **The Foundation Directory** (print version)
   AS911.A2 F65
   
   A state-by-state listing of philanthropic foundations. Less useful than the digital version, since it is organized alphabetically and by state rather than by subject matter.

3. **Grant$elect**
   http://72.3.247.11.libproxy.txstate.edu/gs/cgi-bin/welcome.pl
   
   A vast listing of grants in a large number of fields including many biology/science related. With links, deadlines, concise summaries, and contact information.

4. **The Europa International Foundation Directory**
   AS911.A2 I68
   
   An international list of philanthropic organizations, organized by country and covering numerous fields. Only a relatively limited number of US funding organizations.

5. **Annual Register of Grant Support**
   AS911.A2 67
   
   A field-by-field listing of grants. Only about 40 pages or so are dedicated to non-medical biology. Award information is provided.

6. **Directory of Texas Foundations**
   HV98.T5 H65
   
   A listing of Texas philanthropic groups covering numerous fields of study. Grant information is provided.

7. **Directory of Research Grants**
   LB2338 D57
   
   A research-focused, multidisciplinary listing of grants. Includes detailed information about the grants. Organized alphabetically and featuring a list of web-sites in the front of the book.
8. Directory of Grants in the Humanities
AZ188.U5 D56

* Identical in structure to 7, but no science related grants except Psychology and ‘museums’.
