Scholarship Descriptions

These descriptions are seen by the students and are very valuable in conveying the scholarship information and eligibility requirements. Think of these descriptions as the only places where a student will have the ability to obtain information about the scholarship award.

The short description should be a high level summary and provide brief guidelines about the scholarship award. This brief description should be able to be conveyed in 250 words or fewer. Students will see this description when they view scholarships in the system.

The long description should be a detailed expansion upon the short description. This section is where information about eligibility criteria and the award’s terms and conditions should be explained in detail. All important information relevant to the scholarship award should be contained within the long description. Students can see this description online when they click the name of the scholarship in the system.

Short Description (250 words or fewer): Distributions from the endowment will be used to award scholarship to students attending TSU who have been accepted into the Radiation Therapy Program entering their Senior year of the curriculum.

Long Description (expand upon the short description): Eligible Radiation Therapy Seniors much meet the following criteria:

(1) Must be in "good standing" as defined by the Radiation Therapy student handbook.
(2) Must be currently enrolled according to the degree plan.
(3) Must have a minimum overall GPA of 3.4.
(4) Preference will be given to students with financial need.
(5) Applicants must have successfully completed their first (Junior) year of the professional program, and be eligible to enter their Senior year.
