Kuali Research Overview: Proposal Development

In this workshop, we will dive into the Proposal Development module of Kuali Research. This workshop is intended to assist faculty and staff in their navigation of Kuali as a proposal is developed and routed for externally funded programs.

Curriculum will cover the following topics:

a) University Policy on Proposal Notification and Submission
b) Navigation of Kuali Research software
c) Proposal Development within Kuali Research software
d) University Routing and Approvals in Kuali Research
