

Fall 2022 PSY 1300 Research Experience: Participant Guidelines

Please direct **any questions** regarding the research experience requirement to the Research Experience Coordinator at: Psy-Research@txstate.edu

This information applies to these sections of PSY 1300

Fall 2022:

MWF 10:00-10:50 AM	Section 001 (CRN 12731) – Instructor: Mr. John Angulo
MWF 9:00-9:50 AM	Section 002 (CRN 12203) – Instructor: Mr. John Angulo
MWF 10:00-10:50 AM	Section 003 (CRN 12812) – Instructor: Dr. Jess Cascio
MWF 11:00-11:50 AM	Section 004 (CRN 13526) – Instructor: Dr. Brooke Bryson
MWF 3:30-4:50 PM	Section 005 (CRN 11910) – Instructor: Ms. Macy Hicks
TR 11:00-12:20 PM	Section 006 (CRN 13527) – Instructor: Dr. Kristen Tooley
TR 12:30-1:50 PM	Section 007 (CRN 13528) – Instructor: Dr. Amy Meeks
Online	Section 008 (CRN 20154) – Instructor: Ms. Rachel Farley
Online	Section 009 (CRN 20183) – Instructor: Dr. Laura Adams
Online	Section 010 (CRN 20194) – Instructor: Ms. Sierra Kaiser
TR 12:30-1:50 PM	Section R07 (CRN 19322) – Instructor: Dr. Amy Meeks

Psychologists conduct much of their research with human participants in psychology laboratories at universities such as Texas State University. To enhance your understanding of the nature of psychological research, it is important that you get some first-hand experience with research. For that reason, students are required to have direct experience with psychological research.

All research with human participants must be carried out in an ethical manner. For example, you cannot be required to participate in experiments against your wishes. Therefore, you have two options to fulfill the research experience requirement: one option involves participation in research studies whereas the other does not. Both options have been designed to take the same amount of effort. **You are free to choose either option or a combination of both** for a total credit balance of 5 credits. **These 5 credits are worth approximately one-half of a letter grade (i.e., 5% of your overall course grade).**

The due date to complete your research requirement is:

Thursday, December 1, 2022, by 11:59 pm

Option 1. Research Participation

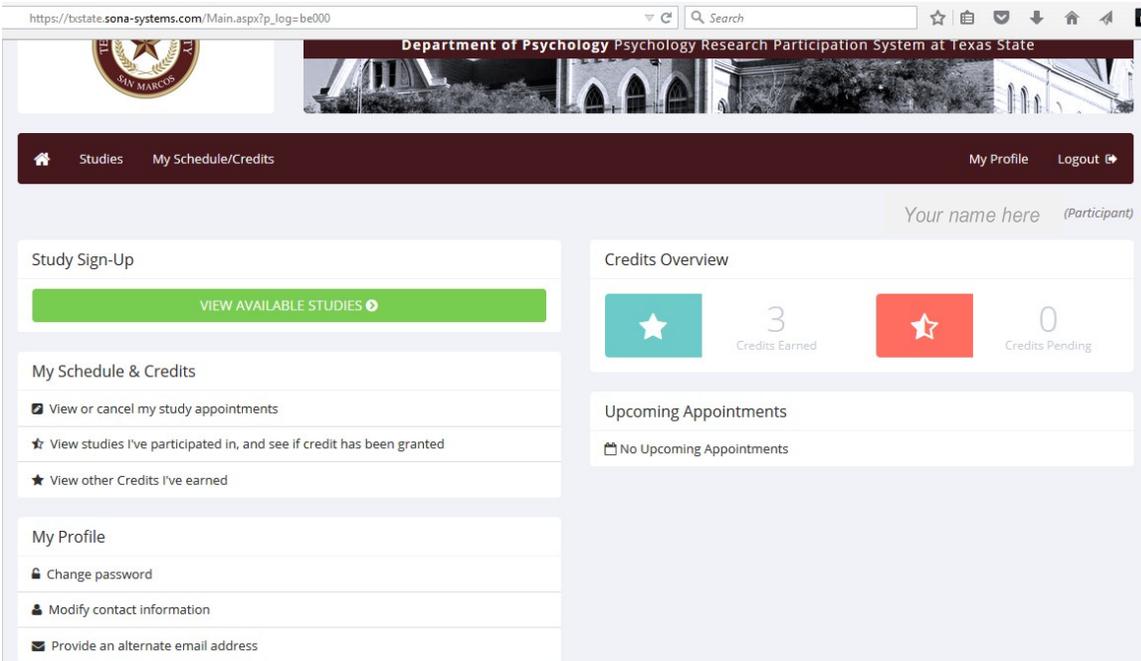

If you are 18 years of age or older, you are eligible to participate in research studies (the age restriction is due to federal policy). Your participation in these studies will give you a chance to have direct contact with research. Participation in psychology research studies at Texas State University that require 30 minutes or less are worth 1 credit; studies that take between 30-60 minutes are worth 2 credits; studies that take between 60-90 minutes are worth 3 credits; studies that take between 90-120 minutes are worth 4 credits, and so on. Laboratory studies (those that you have to participate in-person at a predefined location) are worth an additional bonus credit above what the time commitment dictates. Online studies are credited just based on the time commitments listed above. The number of credits will be noted in the study description that you see when you sign up. **The number of credits listed on SONA for any given study is accurate, and already includes the bonus point (if applicable).**

Credit Distribution	
Length of Study	(In-person studies: add 1 additional credit)
1-30 minutes	1 credit
31-60 minutes	2 credits
61-90 minutes	3 credits
90-120 minutes	4 credits
121-150 minutes	5 credits
151-180 minutes	6 credits
Research Article Summary	2 credits

Only studies listed at <http://txstate.sona-systems.com> qualify for credit. In addition, paid studies cannot be used to satisfy the Research Requirement.

To sign up for a study, follow the steps below:

1. **Beginning on Thursday, September 8th, 2022**, go to the website <http://txstate.sona-systems.com>
2. Log in with the following credentials:
 - User ID: **Your Texas State net ID** (ex: abc1234)
 - **Default Password is 123456** (You can change your password after logging in)
 - After you log in, you can sign up for studies, view your accumulated credits, and edit your profile, including your password as shown in the screen shot below.

NOTE: If you sign up for a study and fail to show up for that study (and you haven't canceled your appointment through the system or contacted the study's researcher to cancel), you will not be allowed to sign up for future studies until you contact the researcher to set up a new time to participate in the study you missed.

Option 2. Research Article Summary

You may also demonstrate direct contact with research by submitting a written summary of a research article published during 2020-2021 in *Psi Chi Journal of Psychological Research*. Credit will not be given for summaries of articles published in any other year or any other journal.

Each written summary is worth 2 credits. To earn credits in this way, follow the steps below:

1. Visit the library homepage (<https://www.library.txst.edu/>), then click on "Periodicals", then search for "Psi Chi Journal of Psychological Research". When the result comes up, click on "Academic Search Complete". Expand the year list (2020 or 2021) on the right side of the page, and choose one of the articles listed.
2. Read the article. Then type (in 12-point font, **single spaced**) a 1-page paper in which you answer the following four questions.
 - a. What question(s) did this research try to answer or what hypotheses did it test?
 - b. What methods were used to answer the question(s) or test the hypotheses?
 - c. What were the major findings of the research?
 - d. What conclusions did the researchers draw based on the findings?
 - e. **Please respond in your own words and avoid direct quotes. If plagiarism is detected in your article summary, you will lose the opportunity to earn that credit through article submission.**
3. Submit your summary via email to: Psy-Research@txstate.edu

Monitoring your Credits

Research Experience is worth 5% of your course grade. Research credits for both options can be tracked by logging into <http://txstate.sona-systems.com/> as described above. In addition, your credits earned will be updated in a column in your Canvas Gradebook at the end of each week.

Additional details, including frequently asked questions, can be found at:

<http://www.psych.txstate.edu/research/PSY1300/>.

Please direct any questions regarding the research experience requirement to the Research Experience Coordinator at:
