Hello Honors Students,

We just wanted to remind you that registration for spring 2019 begins next week! Honors courses go through a slightly different process than most other courses across campus, so please be sure to read the following information carefully.

On the first day of registration (October 22), some honors courses will be restricted to winners of the course lottery who attended Meet the Professor. These courses are listed below. What does this mean for everyone else? Other honors students will be able to register for those restricted courses beginning around 9am the second day of registration (October 23).

We do have courses that are not restricted the first day of registration, so any honors student will be able to register for those courses as soon as registration begins. These courses are also listed below.

Attached are two flyers for different events, one tonight and one next week. We encourage you to view them and attend if you’re interested in culture, art, and expression.

As most of you know, the Honors College offers coffee by donation in the Honors Coffee Forum (Lampasas 407). Beginning next week, we are reducing the hours we offer coffee by donation. We will offer coffee by donation from 8am – 1pm each day. Our hours of operation are not changing. We will still be open 8am – 7pm Monday through Thursday and 8am – 5pm on Friday.

**Honors courses available to **ALL** honors students on the first day of registration**
