REQUEST FOR QUALIFICATIONS FOR ARCHITECT/ENGINEER PROFESSIONAL SERVICES
TEXAS STATE UNIVERSITY
ROUND ROCK, TEXAS
ROUND ROCK CAMPUS SERVICES BUILDING
RFQ No.: 758-19-09087

SECTION 1 – GENERAL INFORMATION & REQUIREMENTS

1.1 GENERAL INFORMATION: The Texas State University System (“Owner”), on behalf of Texas State University, is soliciting Statements of Qualifications (“Qualifications”) for the selection of an Architect/Engineer (“A/E”) firm for design of the Round Rock Campus Services Building project (“Project”) on the Round Rock, Texas campus, in accordance with the terms, conditions, and requirements set forth in this Request for Qualifications (“RFQ”). Prospective A/E firms are hereinafter referred to as “Respondents”.

1.1.1 Collecting Qualifications in response to this RFQ is the first step in selecting an A/E firm. This RFQ provides the information necessary for Respondents to prepare and submit Qualifications for consideration by the Owner. In the next step the Owner will determine an initial ranking of the Respondents. If the initial ranking of the Respondents is reasonably conclusive, the Owner may make a “most qualified” selection based upon the written Qualifications only. If not, then the Owner may conduct interviews with a “short list” of Respondents.

1.1.2 The Owner may select up to five (5) of the top ranked qualified Respondents to participate in an interview with the Owner to confirm and clarify the Qualifications submitted and to answer additional questions. The Owner will then rank the interviewed Respondents in order to determine a single most qualified Respondent.

1.1.3 After selecting the most qualified Respondent the Owner will negotiate the detailed professional services to be provided by the A/E and a suitable fee for those services. The Owner will request a fee proposal from the most qualified Respondent, with supporting information demonstrating that the requested fee is justified by the level of effort (and related personnel costs) required to provide the services necessary for the design of the Project. Potential Respondents should be aware that, except in unusual cases, the Owner does not consider billable time incurred while traveling to and from the Project site, Owner’s offices, or Board of Regents meetings, as necessary to the completion of the Project. Potential Respondents whose offices are located where such time-consuming travel will be regularly required in the performance of services for the Project, should consider this policy when deciding whether or not to submit their Qualifications.

1.2 PUBLIC INFORMATION: All information, documentation, and other materials submitted in response to this solicitation are considered non-confidential and/or non-proprietary and are subject to public disclosure under the Texas Public Information Act (Texas Government Code, Chapter 552.001, et seq.) after the solicitation is completed. The Owner complies with all statutes, court decisions, and opinions of the Texas Attorney General with respect to disclosure of RFQ information. Additionally, pursuant to the provisions of Texas Government Code Section 2261.253, the contract resulting from this solicitation will be posted on the Owner’s website.

1.3 TYPE OF CONTRACT: Any contract resulting from this solicitation will be in the form of the Owner’s Standard Architect/Engineer Agreement, a copy of which will be provided to all
Respondents selected for interviews or, in the case where no interviews are conducted, to the selected most qualified Respondent.

1.4 CLARIFICATIONS AND INTERPRETATIONS: Discrepancies, omissions or doubts as to the meaning of RFQ documents shall be communicated in writing to the Owner for interpretation. Any responses to inquiries, clarifications or interpretations of this RFQ that materially affect or change its requirements will be posted by the Owner as written addendum. All such addenda issued by the Owner before the proposals are due, become part of the RFQ. Respondents shall acknowledge receipt of and incorporate each addendum in its Qualifications. Respondents shall be required to consider only those clarifications and interpretations that the Owner issues by addenda. Interpretations or clarifications in any other form, including oral statements, will not be binding on the Owner and should not be relied on in preparing Qualifications. It is the responsibility of all Respondents to check the status of formal addenda five (5) days prior to the submittal deadline. The deadline for the receipt of written questions and submittal deadline is stated in Section 2.5.

1.4.1 ADDENDA AND AWARD INFORMATION, WILL BE ISSUED BY THE OWNER FOR THIS RFQ VIA THE ELECTRONIC BUSINESS DAILY WEBSITE AT THE FOLLOWING LINK:  http://www.txsmartbuy.com/sp REFERENCE “BOARD OF REGENTS/TXST UNIV SYS – 758” AND THE RFQ NUMBER PROVIDED IN THIS RFQ.

1.5 SUBMISSION OF QUALIFICATIONS:

1.5.1 The Qualifications must be received at the address specified in Section 1.5.2 prior to the date and time deadline. Please note that overnight deliveries such as FedEx and UPS arrive at a central campus location but are not usually delivered to the specified location until after the time deadline. Respondents are advised to use other methods of delivery or, if using an overnight delivery service, to send the Qualifications a day earlier than usual. The Owner will not consider any response to this solicitation that is not received at the address specified by the deadline, regardless of whether it has been received by the University.

1.5.2 DEADLINE AND LOCATION: The Owner will receive Qualifications and HSP Plans for RFQ No. 758-19-09087 at the time and location described below.

The top five (5) or fewer ranked Respondents may be selected by the Owner for further consideration by participating in an interview wherein Qualifications will be presented and examined in further detail and where questions will be posed by the Selection Committee and answered by the Respondent.

1.7.1 Qualifications submittals should not include any information regarding Respondent’s proposed fees, pricing, or other compensation considerations as these will not be a factor in the selection of the most qualified Respondent.

1.8 OWNER’S RESERVATION OF RIGHTS: The Owner may evaluate the Qualifications based on the anticipated completion of all or any portion of the Project. The Owner reserves the right to divide the Project into multiple parts, to reject any and all Qualifications and re-solicit for new Qualifications, or to reject any and all submissions and temporarily or permanently abandon the Project. 1.11 ACCEPTANCE OF EVALUATION METHODOLOGY: By submitting its Qualifications in response to this RFQ, Respondent accepts the evaluation process and acknowledges and accepts that determination of the “most qualified” firm(s) will require subjective judgments by the Owner. Determinations by the Selection Committee will be subject to routine administrative review by the Owner’s executive officers but, once a selection is announced, it will not be subject to further review.

1.15 HISTORICALLY UNDERUTILIZED BUSINESSES’ SUBMITTAL REQUIREMENTS: It is the policy of the Owner and each of its component institutions, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses ("HUB") in all contracts. Accordingly, specific plans and representations by Respondents that appear to facilitate the State’s commitment to supporting HUB enterprises will be favorably considered in the selection process. Failure to submit specific plans and representations regarding HUB utilization, or failure to address the subject at all, will be interpreted by the Selection Committee as an intention not to support the program.

1.15.2  The HSP information may be downloaded from the Texas State Comptroller’s website at the following URL link: https://comptroller.texas.gov/purchasing/vendor/hub/forms.php

1.16  **CERTAIN PROPOSALS AND CONTRACTS PROHIBITED:** Under Section 2155.004, *Texas Government Code*, a state agency may not accept a proposal or award a contract that includes proposed financial participation by a person who received compensation from the agency to participate in preparing the specifications or request for proposals on which the proposal or contract is based. All vendors must certify their eligibility by acknowledging the following statement, "Under Section 2155.004, Government Code, the vendor certifies that the individual or business entity named in this bid or contract is not ineligible to receive the specified contract and acknowledges that this contract may be terminated and payment withheld if this certification is inaccurate." If a state agency determines that an individual or business entity holding a state contract was ineligible to have the contract accepted or awarded as described above, the state agency may immediately terminate the contract without further obligation to the vendor. This section does not create a cause of action to contest a proposal or award of a state contract.

1.17  **SALES AND USE TAXES:** Section 151.311, *Texas Tax Code*, as amended effective October 1, 1993, permits the purchase free of state sales and use taxes of tangible personal property to be incorporated into realty in the performance of a contract for an improvement to realty for certain exempt entities that include the Owner. The section further permits the purchase tax-free of tangible personal property (other than machinery or equipment and its accessories and repair and replacement parts) for use in the performance of such a contract if the property is "necessary and essential for the performance of the contract" and "completely consumed at the job site." In addition, the section permits the purchase tax-free of a tangible service for use in the performance of such a contract if the service is performed at the job site and if "the contract expressly requires the specific service to be provided or purchased by the person performing the contract" or "the service is integral to the performance of the contract."

1.18  **CERTIFICATION OF FRANCHISE TAX STATUS:** Respondents are advised that the successful Respondent will be required to submit certification of franchise tax status as required by State Law (*Texas Tax Code* Chapter 171). The contractor agrees that each subcontractor and supplier under contract will also provide a certification of franchise tax status.

1.19  **DELINQUENCY IN PAYING CHILD SUPPORT:** Under Section 231.006, *Texas Family Code*, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.

1.20  **STATE REGISTRATION OF ARCHITECTURAL FIRMS:** Respondents are advised that the Texas Board of Architectural Examiners requires that any entity (including architects, landscape architects and interior designers) providing architectural services (including architects, landscape architects and interior designers) to the public must register with the Texas Board of Architectural Examiners. An entity is defined as a sole proprietorship, firm, partnership, corporation or joint stock association.

SECTION 2 – EXECUTIVE SUMMARY

2.1 HISTORICAL BACKGROUND: The Round Rock Campus is the beginning of a vision created by the City of Round Rock, the Round Rock Chamber of Commerce, Round Rock Independent School District (“RRISD”), other employers, Austin Community College (“ACC”) and Texas State University, of making quality higher education and workforce training locally accessible to the residents of Round Rock and the surrounding vicinities. In 1996, under the direction of Texas State President, Dr. Jerome Supple and Vice President for Academic Affairs, Dr. Robert Gratz, the University began offering full degree-granting graduate programs in Education and Business Administration at Westwood High School, one of RRISD’s campuses. The program was designated as a Multi-Institution Teaching Center (“MITC”) by the Texas Higher Education Coordinating Board (“THECB”) because it authorized the area community colleges to offer the first two years of a college education and the senior colleges and universities to offer baccalaureate and graduate degree programs. Several institutions were involved in the partnership early on, but by 2000, only Texas State University, ACC, and Temple College at Taylor remained and to this date these institutions form the MITC partnership.

On July 18, 2003, Governor Rick Perry signed legislation for the financing and construction of the Round Rock Campus. Construction began in May 2004 and The Avery Building opened in 2005 and The Nursing Building opened in 2010 with Texas State University offering baccalaureate and graduate programs, and ACC offering the general core and several majors.

2.2 MISSION STATEMENT: Texas State University is a public, student-centered, doctoral granting institution dedicated to excellence in serving the education needs of the diverse population of Texas and the world beyond. The Round Rock Campus staff provides quality educational delivery systems, student support services, and training opportunities to students in North Austin and Williamson County. To accomplish these goals, the Round Rock Campus expands on the quality instruction of the faculty by providing:

2.2.1 Instructional facilities equipped with the latest technology,
2.2.2 Efficient and effective student support services,
2.2.3 Career training responsive to community needs, and
2.2.4 Courteous, top-quality customer service

2.3 PROJECT DESCRIPTION, SCOPE AND BUDGET: The scope for the 12,600 gross square foot Campus Services Building for the Round Rock Campus includes the following:

2.3.1 University Police Department
2.3.2 Facilities
2.3.3 Mail Services
2.3.4 Parking Services
2.3.5 Environmental Health Safety & Risk Management
2.3.6 Information Technology
2.3.7 Distance Learning
2.3.8 Loading Dock
2.3.9 Service Area

Program input was gathered from representatives of the future building departments along with the Office of Facilities Planning Design and Construction. The space needs for each of the departments was documented and developed into the list above. Some of the spaces were identified for potential shared occupancy by the departments. The program also includes planned future growth.

An area for a future Central Utility Building ("CUB") will need to be planned. CUB-2 shall connect to the existing site utilities as part of the Campus Master Plan expansion in the future.

The construction cost per square foot is derived from the THECB Project Construction Cost Analysis, January 2019.

The Construction Cost Limitation for the project is Four Million Dollars ($4,000,000).

2.4 FACILITY PROGRAM: The Architectural Space Program is complete. Short-listed respondents selected for interview, if required, will receive a link to the document.

I. **GENERAL:**

A. The non-mandatory Pre-Submittal Conference was held on September 26, 2019, at the Round Rock Campus Avery Building, Room 256. The Attendance Sign-In Sheets are included as part of this Addendum.

B. Below are Questions presented along with Answers to each in relation to this RFQ as of October 7, 2019.

1. **Question:** Does the respondent Architect/Engineer need to include geotechnical engineering services on their team or will the University engage the services of a geotechnical firm who has an established IDIQ Contract with the University for providing those services?
   **Answer:** Geotechnical Services will be procured by the University via existing Indefinite Delivery Indefinite Quantity (IDIQ) Services agreements.

2. **Question:** We are interested in providing Construction Materials Engineering and Testing services for the above mentioned project. We will appreciate if you let us know whether these services are required on this project and who is responsible for handling such services.
   **Answer:** Construction Materials and Testing Services will be procured by the University via existing Indefinite Delivery Indefinite Quantity (IDIQ) Services agreements.

3. **Question:** Will the Architect/Engineer chosen through this RFQ be responsible for performing the Geotechnical Engineering and Materials Testing for the Project, or will those particular services be performed by TSU through the existing TSU IDIQ contract for Geotechnical Engineering?
   **Answer:** See answer to question No. 1 above.

4. **Question:** Since we are geotechnical and construction material testing services proving company, just like to clarify whether we submit our qualifications for geotechnical and CMET services, or you already have some other for geotechnical works. Appreciate your response.
   **Answer:** See answers to questions No. 1 and 2 above.

5. **Question:** Will the pre-proposal meeting sign-in sheets be provided or available on the site for ID: 758-19-09087?
   **Answer:** The pre-proposal meeting sign-in sheets are attached to this Addendum.

6. **Question:** Section 1.5.5: "Submit two (3) identical copies of the HSP..." Do respondents submit 2 or 3 copies of the HSP? Also Section 1.13 refers to the non-mandatory pre-submittal conference. Is this the correct reference section for the HSP?
   **Answer:** Please submit three (3) identical copies of the HSP and refer to Section 1.15 of the RFQ.

7. **Question:** Will the A/E and the CMR be chosen separately, under separate contracts, or is it the intent of TX. State to contract a consultant that can provide both A/E and CMR services? Please clarify.
   **Answer:** The A/E and CMR services are chosen independently.
8. **Question:** Section 3.3.2: When providing resumes, are you only requiring the resumes of licensed professionals or would you like resumes to include designers, etc., as well? Please clarify.
   **Answer:** Resumes must be prepared and submitted for each team member.

9. **Question:** Is this building intended to be single story or multiple stories? If so, is there a desired floorplate area for the building.
   **Answer:** No decisions have been made regarding the design of the building or desired floor plates. A design solution should not be submitted as part of this request for qualifications response.

10. **Question:** Questions 3.4.5 and 3.6.4 appear to be the same. Can one of these be omitted or do you want responses to both questions?
    **Answer:** Please respond to both questions in context of the Criterion subject. Question 3.4.5 relates to the Respondent’s performance on past representative projects while question 3.6.4 relates to the Respondent’s ability to identify and resolve problems on past projects.

11. **Question:** Will you be posting the sign-in sheet for this opportunity?
    **Answer:** See answer to question No. 5 above.

12. **Question:** I was just wondering if there is a tentative budget for this project as well as if there are any labor requirements.
    **Answer:** The Construction Cost Limitation (CCL) for this project is Four Million Dollars ($4,000,000) as identified in Section 2.3 of the solicitation document. Contractors are required to adhere to the Texas Prevailing Wage Law for the County in which the project is located.
