Texas Education Code Section 61.822 requires that Texas public institutions facilitate the transferability of lower-division course credit through the Core Curriculum. The Core Curriculum contains nine Foundational Component Areas (42 hours), which every Texas State student must satisfy to graduate.

Texas State is a participant in the Texas Common Course Numbering System (TCCNS). Use the TCCNS to find courses you can take at your institution to ensure transfer of credit toward freshman- and sophomore-level degree requirements at Texas State.

010 Communication 6 required hours
020 Mathematics 3 required hours (see Recommended Core Curriculum Choices below)
030 Life and Physical Sciences 6 required hours (see Recommended Core Curriculum Choices below)
