Civilian Response to Active Shooter Events

This workshop will accomplish the following objectives:

• Learn how to quickly determine the most reasonable way to protect your own life during an encounter with a violent individual.

• Learn how to respond in order to Avoid, Deny or Defend.

• Learn how to develop your own personal plan of action to survive a critical event.

This training is presented by instructors certified by the Advanced Law Enforcement Rapid Response Training (ALERRT) program based at Texas State University.
