REQUEST FOR QUALIFICATIONS FOR
ARCHITECT/ENGINEER PROFESSIONAL SERVICES
TEXAS STATE UNIVERSITY
SAN MARCOS, TEXAS
ALBERT B. ALKEK LIBRARY LEARNING COMMONS
RFQ No.: 758-17-09069

SECTION 1 – GENERAL INFORMATION & REQUIREMENTS

1.1 GENERAL INFORMATION: The Texas State University System (“Owner”) and Texas State University are soliciting Statements of Qualifications for selection of an Architect/Engineer (A/E) firm for design of the Albert B. Alkek Library Learning Commons project (“Project”) on the Texas State University campus in San Marcos, Texas, in accordance with the terms, conditions, and requirements set forth in this Request for Qualifications (RFQ).

1.1.1 Collecting Statements of Qualifications in response to this RFQ is the first step in selecting an A/E firm. This RFQ provides the information necessary for respondents to prepare and submit Statements of Qualifications for consideration and initial ranking by the Owner. In the next step the Owner will determine an initial ranking of the respondents. If the initial ranking of the respondents is reasonably conclusive, the Owner may make a “most qualified” selection based upon the written Qualifications only. If not, then the Owner may conduct interviews with a “short list” of respondents.

1.1.2 The Owner may select up to five (5) of the top ranked qualified respondents to participate in an interview with the Owner to confirm and clarify the qualifications submitted and to answer additional questions. The Owner will then rank the interviewed respondents in order to determine a single most qualified respondent.

1.1.3 After selecting the most qualified respondent the Owner will negotiate the detailed professional services to be provided by the A/E and a suitable fee for those services. The Owner will request a fee proposal from the most qualified respondent, with supporting information demonstrating that the requested fee is justified by the level of effort (and related personnel costs) required to provide the services necessary for the design of the Project. Potential respondents should be aware that, except in unusual cases, the Owner does not consider billable time incurred while traveling to and from the Project site, Owner’s offices, or Board of Regents meetings as necessary to the completion of the Project. Potential respondents whose offices are located such that such time-consuming travel will be regularly required in the performance of services for the Project should consider this policy when deciding whether or not to submit their qualifications.

1.2 PUBLIC INFORMATION: All information, documentation, and other materials submitted in response to this solicitation are considered non-confidential and/or non-proprietary and are subject to public disclosure under the Texas Public Information Act (Texas Government Code, Chapter 552.001, et seq.) after the solicitation is completed. The Owner strictly complies with all statutes, court decisions, and opinions of the Texas Attorney General with respect to disclosure of RFQ information. Additionally, if required pursuant to the provisions of Senate Bill 20 (79th Legislature 2015), the contract resulting from this solicitation will be posted on the Owner’s website.

1.3 TYPE OF CONTRACT: Any contract resulting from this solicitation will be in the form of the Owner’s Standard Architect/Engineer Agreement, a copy of which will be provided to all firms...
selected for interviews or, in the case where no interviews are conducted, to the selected most qualified respondent.

1.4 CLARIFICATIONS AND INTERPRETATIONS: Any clarifications or interpretations of this RFQ that materially affect or change its requirements will be posted by the Owner as an addendum on all media channels where it was initially advertised. It is the responsibility of all respondents to obtain this information in a timely manner. All such addenda issued by the Owner before the proposals are due, are considered to be part of the RFQ, and respondents shall acknowledge receipt of each addendum in its Qualifications. Respondents shall consider only those clarifications and interpretations that the Owner issues by addenda five (5) days prior to the submittal deadline (see Section 2.5 for date). Interpretations or clarifications in any other form, including oral statements, will not be binding on the Owner and should not be relied on in preparing Qualifications.

1.4.1 ADDENDA AND AWARD INFORMATION WILL BE ISSUED BY THE TEXAS STATE UNIVERSITY SYSTEM FOR THIS RFQ VIA THE ELECTRONIC BUSINESS DAILY WEBSITE AT: HTTP://ESBD.CPA.STATE.TX.US. REFERENCE THE RFP NUMBER PROVIDED IN THIS RFQ.

1.5 SUBMISSION OF QUALIFICATIONS:

1.5.1 The qualifications must be received at the address specified prior to the deadline; please note that overnight deliveries such as FedEx and UPS arrive at a central campus location but are not usually delivered to the specified location until after the time deadline, and respondents are advised to use other methods of delivery or, if using an overnight delivery service, to send the responses a day earlier than usual. The Owner will not consider any response to this solicitation that is not received at the address specified by the deadline, regardless of whether it has been received by the University.

1.5.2 DEADLINE AND LOCATION: The Owner will receive Qualifications and HSP Plans for RFQ No. 758-17-09069 at the time and location described below. **June 08, 2017, 2:00 p.m. (C.D.T)**

Karlie Beach, Buyer III  
Texas State University  
151-2 E. Sessom, Physical Plant Bldg., Ste 104  
San Marcos, TX 78666  
Email: kbeach@txstate.edu

1.5.3 Submit (2) electronic versions of the Qualification Package on CD or flash drive format.

1.5.4 Submit (9) nine identical copies of the Qualifications. An original signature must be included on the Respondent’s “Execution of Offer” document submitted with each copy.

1.5.5 Submit (3) three identical copies of the HUB Subcontracting Plan (HSP) as a separate attachment from the Qualifications.

1.5.6 Qualifications and HSP materials received after the deadline in 1.5.2 will be returned to the respondent unopened.

1.5.7 The Owner will not acknowledge or consider Qualifications that are delivered by telephone, facsimile (fax), or electronic mail (e-mail).
1.5.8 Properly submitted Qualifications will not be returned to respondents.

1.5.9 Qualification, financial statements (see Section 3.2.2) and HSP materials must be enclosed in a sealed envelope (box or container) addressed to the Point-of-Contact person; the package must clearly identify the submittal deadline, the RFQ number, and the name, return address and email address of the respondent contact on all envelopes.

1.6 **POINT-OF-CONTACT:** The Owner designates the following person as its representative and Point-of-Contact for this RFQ. Respondents shall restrict all contact with the Owner and direct all questions regarding this RFQ, including questions regarding terms and conditions and technical specifications, to the Point-of-Contact person by email only.

Karlie Beach, Buyer III
Texas State University
151-2 E. Sessom, Physical Plant Bldg., Ste 104
San Marcos, TX 78666
Email: kbeach@txstate.edu

1.7 **EVALUATION OF QUALIFICATIONS:** The evaluation of the Qualifications shall be based on the requirements described in this RFQ. All properly submitted Qualifications will be reviewed, evaluated, and ranked by a Selection Committee appointed by the President of Texas State University. Typically, that committee will include both future users of the facilities developed by the Project and facilities professionals, as well as representation from the TSUS System Office. The top five or fewer ranked respondents may be selected by the Owner for further consideration by participating in an interview wherein qualifications will be presented and examined in further detail and where questions will be posed by the Selection Committee and answered by the respondent.

1.7.1 Qualifications submittals should not include any information regarding respondent’s proposed fees, pricing, or other compensation considerations as these will not be a factor in the selection of the most qualified firm.

1.8 **OWNER’S RESERVATION OF RIGHTS:** The Owner may evaluate the Qualifications based on the anticipated completion of all or any portion of the Project. The Owner reserves the right to divide the Project into multiple parts, to reject any and all Qualifications and re-solicit for new Qualifications, or to reject any and all submissions and temporarily or permanently abandon the Project. Owner makes no representations, written or oral, that it will enter into any form of agreement with any respondent to this RFQ for any project and no such representation is intended or should be construed by the issuance of this RFQ.

1.9 **ACCEPTANCE OF EVALUATION METHODOLOGY:** By submitting its Qualifications in response to this RFQ, respondent accepts the evaluation process and acknowledges and accepts that determination of the “most qualified” firm(s) will require subjective judgments by the Owner.

1.10 **NO REIMBURSEMENT FOR COSTS:** Respondent acknowledges and accepts that any costs incurred from the respondent’s participation in this RFQ shall be at the sole risk and responsibility of the respondent.

1.11 **OPTIONAL PRE-PROPOSAL CONFERENCE:** An optional pre-proposal conference is scheduled for May 17, 2017, 2:00 p.m. at:
• Fee-based parking is available in the LBJ Student Center Parking Garage located at 704 Gaillardia Street. A map to the Parking Garage and the route to the Library is provided in the following link:
  http://gato-docs.its.txstate.edu/jcr:02fbbf22-98b3-426c-83f7-ce2fb4fc34cf/Alkek_RFQ.pdf

1.12 **ELIGIBLE RESPONDENTS:** Only individual firms or lawfully formed business organizations may apply (This does not preclude a respondent from using consultants.) The Owner will contract only with the individual firm or formal organization that submits a Qualification.

1.13 **HISTORICALLY UNDERUTILIZED BUSINESSES' SUBMITTAL REQUIREMENTS:** It is the policy of TSUS and each of its component institutions, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses (HUB) in all contracts. Refer to the Texas State Comptrollers website at:
  http://www.cpa.state.tx.us/procurement/prog/hub/hub-subcontracting-plan/

Accordingly, specific plans and representations by respondents that appear to facilitate the State’s commitment to supporting HUB enterprises will be favorably considered in the selection process. Failure to submit specific plans and representations regarding HUB utilization, or failure to address the subject at all, will be interpreted by the Selection Committee as an intention not to support the program.

1.14 **CERTAIN PROPOSALS AND CONTRACTS PROHIBITED:** Under Section 2155.004, Texas Government Code, a state agency may not accept a proposal or award a contract that includes proposed financial participation by a person who received compensation from the agency to participate in preparing the specifications or request for proposals on which the proposal or contract is based. All vendors must certify their eligibility by acknowledging the following statement, "Under Section 2155.004, Government Code, the vendor certifies that the individual or business entity named in this bid or contract is not ineligible to receive the specified contract and acknowledges that this contract may be terminated and payment withheld if this certification is inaccurate." If a state agency determines that an individual or business entity holding a state contract was ineligible to have the contract accepted or awarded as described above, the state agency may immediately terminate the contract without further obligation to the vendor. This section does not create a cause of action to contest a proposal or award of a state contract.

1.15 **SALES AND USE TAXES:** Section 151.311, Tax Code, as amended effective October 1, 1993, permits the purchase free of state sales and use taxes of tangible personal property to be incorporated into realty in the performance of a contract for an improvement to realty for certain exempt entities that include TSUS. The section further permits the purchase tax-free of tangible personal property (other than machinery or equipment and its accessories and repair and replacement parts) for use in the performance of such a contract if the property is "necessary and essential for the performance of the contract" and "completely consumed at the job site." In addition, the section permits the purchase tax-free of a tangible service for use in the performance of such a contract if the service is performed at the job site and if "the contract expressly requires the specific service to be provided or purchased by the person performing the contract” or "the service is integral to the performance of the contract."

1.16 **DELINQUENCY IN PAYING CHILD SUPPORT:** Under Section 231.006, Family Code, the vendor or applicant certifies that the individual or business entity named in this contract, bid,
application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.

1.17 **STATE REGISTRATION OF ENGINEERING FIRMS:** Respondents are advised that the Texas Board of Professional Engineers requires that any entity providing engineering services to the public must register with the Texas Board of Professional Engineers. An entity is defined as a sole proprietorship, firm, partnership, corporation or joint stock association.

1.18 **STATE REGISTRATION OF ARCHITECTURAL FIRMS:** Respondents are advised that the Texas Board of Architectural Examiners requires that any entity (including architects, landscape architects and interior designers) providing architectural services (including architects, landscape architects and interior designers) to the public must register with the Texas Board of Architectural Examiners. An entity is defined as a sole proprietorship, firm, partnership, corporation or joint stock association.

1.19 **PARKING AND SANITARY FACILITIES:** All individuals including contractors, subcontractors, service providers and vendors operating a vehicle on property owned and operated by Texas State University shall comply with the Traffic and Parking Regulation for the University. All vehicles parked on University property must obtain and display a valid parking permit paid for and purchased at their own expense. Contractors shall make every effort to carpool when possible.

1.19.1 Parking at the University is by permit only. The Bidder selected for award will be responsible for obtaining and paying for contractor parking passes from the parking and transportation department for all vehicles that will be parking on University premises. Individuals will park only in those areas designated on site for contractor use.

1.19.2 Contractor will provide temporary sanitary facilities on site.

**SECTION 2 – EXECUTIVE SUMMARY**

2.1 **HISTORICAL BACKGROUND:** In 1885, an 11-acre plot of land was purchased by the city of San Marcos to organize a Chautauqua. For approximately ten years the Chautauqua was an important educational force, offering education and entertainment to those attending. At the same time that the Chautauqua was faltering in the 1890s, the State of Texas saw an increasing need for a Normal School to help solve the shortage of public school teachers. In 1899 the State Legislature authorized the establishment of a Normal School in San Marcos if the citizens would furnish the land. The City of San Marcos donated 11-acres, known as Chautauqua Hill, to the State of Texas to serve as the site for the proposed Normal School. In 1901, the Legislature accepted the gift of land and appropriated funds for the creation of the Normal. Work on the Main Building began in 1902, and in the fall of 1903 the Southwest Texas State Normal School opened with 17 faculty members and 303 students.

Over the years the Texas Legislature broadened the institution’s scope and changed its name successively to Southwest Texas State Normal College (1918), Southwest Texas State Teacher’s College (1923), Southwest Texas State College (1959), and Southwest Texas State University (1969). As the University evolved, it saw itself becoming more than a regional university and the name was changed to Texas State University-San Marcos (2003). Finally, the name was changed to eliminate the city reference and the institution became Texas State University (2013). The University changed from offering only teaching certificates in 1903 to a prominent institution by 2013 offering 97 undergraduate degrees, 88 masters, and 12 doctoral degree programs. While teacher preparation remains an important responsibility, the scope of the university programs has
greatly expanded its prestige, prominence and recognition. The student population has now exceeded 36,750 making it the fourth largest university in the State of Texas. The original San Marcos core campus has grown from 11 acres to 457 acres. The university also includes 5038 additional acres of farm, ranch, residential and recreational areas and 101 acres at the Round Rock Campus.

In January 2012, the Texas Higher Education Coordinating Board (THECB) reclassified Texas State University as an Emerging Research University. In light of its new classification, the university developed a long-term research strategic plan for achieving recognition as a National Research University. Texas State remains deeply committed to undergraduate student success, even as the university broadens its mission to include doctoral programs and an expanded research agenda.

2.2 **MISSION STATEMENT:** Texas State University is a public, student-centered, doctoral granting institution dedicated to excellence in serving the education needs of the diverse population of Texas and the world beyond.

2.3 **DESCRIPTION, SCOPE AND BUDGET:** Texas State University’s intent is to transform the current Library into a Learning Commons – a modern, up-to-date facility that is functional and flexible; and is an inviting, welcoming, desirable place for study, research, and collaboration. Texas State University is seeking design services to repurpose and renovate the designated 175,189 gsf spaces over the first four levels to accommodate the services, functions, and user spaces in a different way that is reflective of today’s academic libraries incorporating sophisticated technology with comfortable, adaptable furnishings and equipment that support educational and research pursuit, i.e., the Alkek Library Learning Commons.

The Library recently completed an infrastructure upgrade of the 25 year-old building which concentrated on increasing electrical and data capacity throughout the building and installing raised access flooring on the 2nd (main) floor to support the initial Learning Commons area.

During the information gathering process which included building tours, user interviews, committee meetings, and programming workshops, numerous items were identified by the user representatives and stakeholders as required needs and visions for the continued development of the Learning Commons within the existing Alkek Library.

The following goals must be fulfilled to ensure the Learning Commons is a success:

- Develop areas within the Learning Commons to support a variety of flexible, collaborative, interactive Centers to provide student and faculty opportunities for exploration with rich and emerging technology. The Centers will include a virtual reality space, a maker space, a GIS/data research hub and a digital media/presentation practice space named the One Touch Studio in the programming report.
- Provide customer service areas to facilitate and enhance the user experience with the Learning Commons. This includes provision of assistance with research and location of materials and check out of equipment and materials as well as IT support.
- Create computer stations which offer multiple options for utilizing library-owned or patron-owned computers.
- Provide printing kiosks that are easy to find and easily accessible from adjacent computer areas.
- Create a space for a café on the entry level (second floor) with dedicated exterior access. Café will provide snacks, drinks, small meals and indoor as well as outdoor seating spaces.
- Create informative spaces for meeting and gathering by using all available niches and alcoves within the building to provide as much seating as possible.
- Provide student study spaces in a variety of different types, sizes, and locations.
- Provide spaces throughout the Learning Commons to exhibit and showcase art created by students, faculty, and or other artists. Exhibit spaces may be located among spaces or within dedicated areas.
- Develop classrooms with robust infrastructure to support flexible changing technologies and teaching pedagogies.

As part of the previously noted programming process each user group/organization with components in the Learning Commons completed a questionnaire and participated in a user interview. During each interview the users provided their overall views and visions of the Learning Commons and how they saw their groups and/or components fitting into the overall concept. These overviews provide a more detailed description of each group’s visions/goals and can be found in Chapter 3, Space and Adjacency Requirements.

**Total Construction Cost Limitation for the project is $5,805,000.**

2.4 **FACILITY PROGRAM:** The teams selected for an interview may be given, at the option of the University, a copy of the program for review. Please do not contact the University’s consultant for an advance copy of the program.

2.5 **PROJECT PLANNING SCHEDULE:** Key Project planning schedule milestones are:

2.5.1 Optional Pre-Submittal Meeting ..........................................................05-17-2017
2.5.2 RFQ Submittal Questions Deadline (12:00 p.m.) ..................................05-25-2017
2.5.3 Owner receives Request For Qualifications ...........................................06-08-2017
2.5.4 Owner announces “short list” of firms selected for interviews ...............06-21-2017
2.5.5 Owner selects most qualified respondent .............................................07-11-2017
2.5.6 Owner negotiates fee and executes Agreement ......................................09-07-2017
2.5.7 Owner selects Construction Manager at Risk .......................................08-11-2017
2.5.8 Schematic Design begins .................................................................09-14-2017
2.5.9 Owner Executes CMR Agreement ......................................................09-12-2017
2.5.10 NTP for Pre-Construction Services ..................................................09-13-2017
2.5.11 A/E completes Schematic Design .....................................................01-22-2018
2.5.12 Design Development begins ...........................................................01-23-2018
2.5.13 A/E completes Design Development Binder for BOR .......................04-24-2018
2.5.14 Board of Regents Approval of DDs ....................................................05-17-2018
2.5.15 Owner Approves GMP ..................................................................08-09-2018
2.5.16 NTP is issued and Construction begins ............................................08-10-2018
2.5.17 A/E completes Construction Documents .........................................12-12-2018
2.5.18 Owner accepts Substantial Completion of Construction .....................10-01-2019
2.5.19 Furniture and Special Equipment Move-In Complete .......................12-03-2019
2.5.20 Final Completion .............................................................................12-20-2019
2.5.21 Occupancy .......................................................................................01-06-2020

The schedule of events presented above represent a basic timeline for the project. A final project timeline will be developed with the Owner at a later time. The Owner can be expected to work with the A/E and the CM@R to validate and improve on this initial schedule.
SECTION 3 – REQUIREMENTS FOR STATEMENT OF QUALIFICATIONS

Respondents shall carefully read the information contained in the following criteria and submit a complete Statement of Qualifications responding to all questions in Section 3 formatted as directed in Section 4. Incomplete Qualifications will be considered non-responsive and are subject to rejection.

3.1 CRITERION ONE: RESPONDENT’S STATEMENT OF QUALIFICATIONS AND AVAILABILITY TO UNDERTAKE THE PROJECT (Maximum of two (2) printed pages per question)

3.1.1 Provide a statement of interest for the project including a narrative describing the Prime Firm’s and Project Team’s unique qualifications as they pertain to this particular project.

3.1.2 Provide a statement on the availability and commitment of the Prime Firm and its principal(s) and assigned professionals, including all consultants to undertake the project.

3.1.3 Provide a brief history of the Prime Firm and each consultant proposed for the project.

3.1.4 Provide a graphic representation of the project team, identifying the Prime Firm and each consultant proposed for the project. The graphic representation shall depict current workloads and commitments for other projects for the prime and its consultants as well as the time resource and commitment for the prime and its consultants for this project for the time line noted in Article 2.5.

3.2 CRITERION TWO: PRIME FIRM’S ABILITY TO PROVIDE SERVICES

3.2.1 Provide the following information for the Prime Firm:

- Legal name of the company as registered with the Secretary State of Texas
- Address of the office that will be providing services
- Number of years in business
- Type of Operation (Individual, Partnership, Corporation, Joint Venture, etc…)
- Number of Employees by skill group
- Annual revenue totals for the past ten (10) years

3.2.2 Provide the three (3) most recent audited financial statements documenting your firm’s financial stability. If audited statements are not available, so state and provide recent financial statements with a cover letter from your CPA. Provide this information in a separate sealed envelope marked “Confidential Financial Information.”

3.2.2.1 This will not be counted as part of the 50-page limit referenced in Section 4.1.2. Do not include this information in the electronic file submission.

3.2.3 Is your company currently for sale or involved in any transaction to expand or to become acquired by another business entity? If yes, please explain the impact both in organizational and directional terms.

3.2.4 Provide any details of all past or pending litigation or claims filed against your company that would affect your company’s performance under a Contract with the Owner.
3.2.5 Is your company currently in default on any loan agreement or financing agreement with any bank, financial institution, or other entity? If yes, specify date(s), details, circumstances, and prospects for resolution.

3.2.6 Does any family, business or financial relationship exist between your firm and any Owner employee, officer or Regent? If so, please explain.

3.2.7 Provide a claims history under professional malpractice insurance for the past five (5) years for the Prime Firm and any team members proposed to provide professional architectural or engineering services.

3.3 CRITERION THREE: PROJECT TEAM’S ABILITY TO PROVIDE DESIGN AND CONSTRUCTION ADMINISTRATION SERVICES

3.3.1 Describe, in graphic and written form, the proposed project assignments and lines of authority and communication for principals and key professional members of each consultant that will be involved in the project. Indicate the estimated percent of time these individuals will be involved in the project for design and construction.

3.3.2 Provide resumes giving the experience and expertise of the professional members for each consultant that will be involved in the project, including their experience with similar projects, the number of years with the firm, and their city of residence.

3.3.3 Clearly identify the members of the proposed team who worked on the listed projects in Criterion 3.4, and describe their roles in those projects.

3.3.4 Describe the basis for the selection of the proposed sub-consultants included in the design team and the role each will play for this project.

3.3.5 Describe the Prime Firm’s process in working with consultants and integrating them into the design process.

3.3.6 Describe how the Prime Firm and consultants will provide services during the construction administration process.

3.3.7 Identify the Prime Firm’s past experience with the proposed consultants in the past five years.

3.3.8 Provide representative projects of the proposed consultants in Higher Education CM@R delivery method and how they will be beneficial to the delivery of this project.

3.4 CRITERION FOUR: RESPONDENT’S PERFORMANCE ON PAST REPRESENTATIVE PROJECTS

3.4.1 List a maximum of five (5) projects for which you have provided services that are most directly related to this project. List the projects in order of priority, with the most relevant project listed first. Provide the following information for each project listed:

- Project name, location, contract delivery method, and description
- Color images (photographic or machine reproductions)
- Final Construction Cost, including Change Orders
- Final project size in gross square feet
- Type of construction (new, renovation, or expansion)
- Actual start and finish dates for design
- Planned versus actual dates for Schematic Design, Design Development and 95% Construction Documents. Provide an explanatory justification for any slippage of dates exceeding 15 days between planned and actual for each milestone.
- Actual Notice To Proceed and Substantial Completion dates for construction
- Description of professional services Prime Firm provided for the project
- Name of Project Manager (individual responsible to the Owner for the overall success of the project)
- Name of Project Architect (individual responsible for coordinating the day to day work)
- Name of Project Designer (individual responsible for design concepts)
- Consultants
- Name of Project Manager for each Consultant.

References (for each project listed above, identify the following):
- The Owner’s name and representative who served as the day-to-day liaison during the design and construction phases of the project, including telephone number
- Contractor’s name and representative who served as the day-to-day liaison during the Preconstruction and/or construction phase of the project, including telephone number
- Length of business relationship with the Owner.

References shall be considered relevant based on specific project participation and experience with the Respondent. The Owner may contact references during any part of this process. The Owner reserves the right to contact any other references at any time during the RFQ/P process.

3.5 CRITERION FIVE: RESPONDENT’S KNOWLEDGE OF BEST PRACTICES

3.5.1 Describe the Prime Firm’s design philosophy, design methodology, and its process for integrating institutional standards into design.

3.5.2 Describe the Prime Firm’s quality assurance program explaining the method used and how the firm maintains quality control during the development of Construction Documents and quality assurance during the Construction phase of a project. Provide specific examples of how these techniques or procedures were used for any combination of three (3) projects listed in response to Criterion 3.4.

3.5.3 Describe your project team’s demonstrated technical competence and management qualifications with institutional projects, particularly those for higher education.

3.5.4 Describe your firm’s experience working with the Construction Manager-at-Risk project delivery method. Discuss your method of working with the contractor as a team member to deliver a Guaranteed Maximum Price and to maintain the GMP throughout the design and construction process.

3.5.5 Describe your cost estimating methods for the design and construction phases. How do you develop cost estimates and how often are they updated? For any combination of three (3) projects listed in response to Criteria 3.4, provide examples of how these techniques were used and what degree of accuracy was achieved.
3.5.6 Describe the way in which your firm develops and maintains work schedules to coordinate with the Owner’s project schedule. For any combination of three (3) projects listed in response to Criterion 3.4, provide examples of how these techniques were used.

3.5.7 Describe the project team’s experience in managing the impact of MEP systems on renovation buildings.

3.5.8 Describe the project team’s approach to assuring timely completion of this project, including methods you will use for schedule recovery if necessary.

3.6 CRITERION SIX: RESPONDENT’S ABILITY TO IDENTIFY AND RESOLVE PROBLEMS ON PAST PROJECTS

3.6.1 What do you perceive as the critical issues for this project?

3.6.2 Understanding schedule limitations, provide an analysis of the Owner’s project planning schedule and describe how you plan to develop and communicate design, scope, and budget options in a manner that will help the Owner make timely and informed decisions.

3.6.3 Describe the project team’s experience with renovation/expansion projects in occupied facilities.

3.6.4 Provide examples of how the Respondent has creatively incorporated mechanical, electrical, and plumbing solutions in similar structures.

3.7 CRITERION SEVEN: RESPONDENT’S UNDERSTANDING OF AND EXPERIENCE WITH BUILDING INFORMATION MODELING (BIM)

3.7.1 Describe your Project Team’s experience managing and facilitating BIM use on projects, especially similar projects and especially involving CM@R delivery method.

3.7.2 Show BIM experience on the resumes of your Team members.

3.7.2.1 Identify any BIM Consultants and describe their roles and Project-related experience. Provide a list of projects where consultants previously worked with Respondent in roles similar to what is currently being proposed.

3.7.2.2 Provide the skills and qualifications of your BIM Manager and BIM team.

3.7.3 Describe any BIM-based efficiencies the team has provided on past projects that align with the Owner’s interest in energy savings, cost and schedule. Evaluators will be particularly looking for support for the following services (You need not specifically address these item by item. Describe what you perceive as critical BIM issues and opportunities for this project and highlight items you think address these.):

a. Pre-construction Services
b. Design management and coordination
c. Design assistance
d. Fabrication modeling for streamlining the submittal process
e. Design review and quality assurance
f. BIM-based analysis

g. BIM-based estimating

h. Owner decision support

i. Construction scheduling

j. Constructability modeling

k. Construction coordination

l. COBIA and commissioning data

m. Any additional BIM capabilities and experiences that could help this project

3.7.4 Describe how you can use BIM on this Project to:

a. Support better cost control assurance targeting a contractual Construction Cost Limitation (Target Guaranteed Maximum Price).

b. Reduce buy-out cost risks while tightening CM Risk Contingencies needed within a Guaranteed Maximum Price.

3.8 CRITERION EIGHT: EXECUTION OF OFFER

NOTE TO RESPONDENTS: SUBMIT ENTIRE SECTION WITH RESPONSE.

THIS EXECUTION OF OFFER MUST BE COMPLETED, SIGNED, AND RETURNED WITH THE RESPONDENT'S QUALIFICATIONS. FAILURE TO COMPLETE, SIGN AND RETURN THIS EXECUTION OF OFFER WITH THE QUALIFICATIONS MAY RESULT IN REJECTION OF THE QUALIFICATIONS.

SIGNING A FALSE STATEMENT MAY VOID THE SUBMITTED QUALIFICATIONS OR ANY AGREEMENTS OR OTHER CONTRACTUAL ARRANGEMENTS, WHICH MAY RESULT FROM THE SUBMISSION OF RESPONDENT'S QUALIFICATIONS, AND THE RESPONDENT MAY BE REMOVED FROM ALL PROPOSER LISTS. A FALSE CERTIFICATION SHALL BE DEEMED A MATERIAL BREACH OF CONTRACT AND, AT OWNER'S OPTION, MAY RESULT IN TERMINATION OF ANY RESULTING CONTRACT OR PURCHASE ORDER.

3.8.1 By signature hereon, Respondent acknowledges and agrees that (1) this RFQ is a solicitation for Qualifications and is not a contract or an offer to contract; (2) the submission of Qualifications by Respondent in response to this RFQ will not create a contract between the Owner and Respondent; (3) the Owner has made no representation or warranty, written or oral, that one or more contracts with the Owner will be awarded under this RFQ; and (4) Respondent shall bear, as its sole risk and responsibility, any cost which arises from Respondent's preparation of a response to this RFQ.

3.8.2 By signature hereon, Respondent offers and agrees to furnish to the Owner the products and/or services more particularly described in its Qualifications, and to comply with all terms, conditions and requirements set forth in the RFQ documents and contained herein.

3.8.3 By signature hereon, Respondent affirms that he has not given, nor intends to give at any time hereafter, any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor or service to a public servant in connection with the submitted Qualifications.
3.8.4 By signature hereon, Respondent that is a “taxable entity” under Section 171.0002 of the Texas Code certifies that it is not currently delinquent in the payment of any Franchise Taxes due under Chapter 171, Texas Tax Code.

3.8.5 By signature hereon, the Respondent hereby certifies that neither the Respondent nor the firm, corporation, partnership or Owner represented by the Respondent, nor anyone acting for such firm, corporation, or institution has violated the antitrust laws of this state, codified in Section 15.01, ET. seq., Texas Business and Commerce Code, or the Federal antitrust laws, nor communicated directly or indirectly the Qualifications made to any competitor or any other person engaged in such line of business.

3.8.6 By signature hereon, Respondent represents and warrants that:

3.8.6.1 Respondent is a reputable company regularly engaged in providing products and/or services necessary to meet the terms, conditions and requirements of the RFQ;

3.8.6.2 Respondent has the necessary experience, knowledge, abilities, skills, and resources to satisfactorily perform the terms, conditions and requirements of the RFQ;

3.8.6.3 Respondent is aware of, is fully informed about, and is in full compliance with all applicable federal, state and local laws, rules, regulations and ordinances;

3.8.6.4 Respondent, if selected by the Owner, will maintain insurance as required by the Contract;

3.8.6.5 All statements, information and representations prepared and submitted in response to this RFQ are current, complete, true and accurate. Respondent acknowledges that the Owner will rely on such statements, information and representations in selecting the successful Respondent. If selected by the Owner as the successful Respondent, Respondent will notify the Owner immediately of any material change in any matters with regard to which Respondent has made a statement or representation or provided information.

3.8.7 By signature hereon, Respondent certifies that the individual signing this document and the documents made part of the RFQ is authorized to sign such documents on behalf of the company and to bind the company under any agreements or other contractual arrangements, which may result from the submission of Respondent’s Qualifications.

3.8.8 By signature hereon, Respondent certifies that if a Texas address is shown as the address of the Respondent, Respondent qualifies as a Texas Bidder as defined in Rule 34 TAC 20.32 (68).

3.8.9 By signature hereon, Respondent certifies as follows:

3.8.9.1 “Under Section 231.006, Texas Family Code, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate.”

3.8.9.2 “Under Section 2155.004, Texas Government Code, the vendor or applicant certifies that the individual or business entity named in this bid or contract is not ineligible to
receive the specified contract and acknowledges that this contract may be terminated and payment withheld if this certification is inaccurate.”

3.8.9.3 “Under Section 2254.004, Texas Government Code, the vendor or applicant certifies that each individual or business entity which is an engineer or architect proposed by Respondent as a member of its team was selected based on demonstrated competence and qualifications only.”

3.8.10 By signature hereon, Respondent certifies that no relationship, whether by relative, business associate, capital funding agreement or by any other such kinship exist between Respondent and an employee of any TSUS component, or Respondent has not been an employee of any TSUS component within the immediate twelve (12) months prior to your RFQ response. All such disclosures will be subject to administrative review and approval prior to the Owner entering into any contract with Respondent.

3.8.11 By signature hereon, Respondent affirms that no compensation has been received for participation in the preparation of the specifications for this RFQ. (ref. Section 2155.004 Texas Government Code).

3.8.12 By signature hereon, Respondent agrees that any payments that may become due under any agreements or other contractual arrangements, which may result from the submission of Respondent’s Qualifications, will be applied towards any debt including, but not limited to, delinquent taxes and child support that is owed to the State of Texas.

3.8.13 By signature hereon, Respondent certifies that no member of the Board of Regents of the TSUS, or the Executive Officers of the TSUS or its component institutions, has a financial interest, directly or indirectly, in the transaction that is the subject of the contract, and that no member of the TSUS Board of Regents has a “substantial interest” (as that term is defined in Section 51.923 of the Texas Education Code) in the Respondent.
3.8.14 Execution of Offer: RFQ for Architect/Engineer Professional Services, RFQ No. 758-17-09069 – Alkek Library Learning Commons for Texas State University

The Respondent must complete, sign and return this Execution of Offer as part of its submittal response. The Respondent’s company official(s) who are authorized to commit to such a submittal must sign submittals. Failure to sign and return this form will subject the submittal to disqualification.

Respondent’s Name: ________________________________ (Company Name)

Respondent’s State of Texas Tax Account No: ________________________________

SECTION 4 – FORMAT FOR STATEMENT OF QUALIFICATIONS

4.1 GENERAL INSTRUCTIONS

4.1.1 Qualifications shall be prepared SIMPLY AND ECONOMICALLY, providing a straightforward, CONCISE description of the respondent's ability to meet the requirements of this RFQ. Emphasis shall be on the QUALITY, completeness, clarity of content, responsiveness to the requirements, and an understanding of Owner's needs.

4.1.2 The Statement of Qualifications shall be a maximum of 50 printed and could be entirely adequate with considerably fewer pages. The cover, table of contents, divider sheets, financial statements, HUB Subcontracting Plan, if any, and Execution of Offer do not count as printed pages.

4.1.3 Respondents shall carefully read the information contained in this RFQ and submit a complete response to all requirements and questions as directed. Incomplete Qualifications will be considered non-responsive and subject to rejection.

4.1.4 Qualifications and any other information submitted by respondents in response to this RFQ shall become the property of the Owner.

4.1.5 The Owner will not compensate respondents for any expenses incurred in Qualifications preparation or for any presentations that may be made, unless agreed to in writing in advance or required by law. Respondents submit Qualifications at their own risk and expense.

4.1.6 Qualifications that are qualified with conditional clauses, alterations, items not called for in the RFQ documents, or irregularities of any kind are subject to rejection by the Owner, at its option.

4.1.7 The Owner makes no representations of any kind that an award will be made as a result of this RFQ, or subsequent RFP. The Owner reserves the right to accept or reject any or all Qualifications, waive any formalities or minor technical inconsistencies, or delete any item/requirements from this RFQ when deemed to be in Owner's best interest.

4.1.8 Qualifications shall consist of answers to questions identified in Section 3 of the RFQ. It is not necessary to repeat the question in the Qualifications; however, it is essential to reference the question number with the corresponding answer.

4.1.9 Failure to comply with all requirements contained in this Request for Qualifications may result in the rejection of the Qualifications.

4.2 PAGE SIZE, BINDING, DIVIDERS, AND TABS:

4.2.1 Qualifications shall be printed on letter-size (8-1/2” x 11”) paper and assembled with spiral-type bindings or staples. DO NOT USE METAL-RING HARD COVER BINDERS.

4.2.2 Additional attachments shall NOT be included with the Qualifications. Only the responses provided by the respondent to the questions identified in Section 3 of this RFQ will be used by the Owner for evaluation.
4.2.3 Separate and identify the response to each of the criteria in Section 3 of this RFQ by use of a divider sheet with an integral tab for ready reference.

4.3 **TABLE OF CONTENTS:**

4.3.1 Submittals shall include a “Table of Contents” and give page numbers for each part of the Qualifications.

4.4 **PAGINATION:**

4.4.1 Number all pages of the submittal sequentially using Arabic numerals (1, 2, 3, etc.); the Respondent is not required to number the pages of any HUB Subcontracting Plan.

RFQ No.: 758-17-09069

Notice To All Respondents:
The following is Addendum No. 1 to the Request for Qualifications (RFQ)
ESBD Posting No. 758-17-09069 was posted on May 10, 2017

Prepared By:
Peter E. Graves, Vice Chancellor for Contract Administration
Texas State University System
Thomas J. Rusk Building
208 E. 10th Street, Suite 600  Austin, TX 78701-2407 (512) 463-1808
512-463-1808
peter.graves@tsus.edu
I. **General:**

A. The optional Pre-Submittal Conference was held on May 17, 2017 at 2:00 p.m., at the Albert B. Alkek Library, Suite 105. The attendance sheet and agenda are attached to this Addendum. The following Questions and Answers below were presented in response to this RFQ:

1. **Question:** If we are responding to this RFQ as a Joint Venture where there are firm information questions do we need to include information on both members of the Joint Venture or only the Architect of Record? An example would be question 3.2.2 on audited financial statements.
   **Answer:** Questions that reference the “Prime Firm” only applies to the firm submitting the response to the RFQ. If the “Project Team” is referenced, please provide information on any other team members and/or consultants that will be used to provide services set forth in the RFQ.

2. **Question:** In Section 3.3.8 – where it says we are to provide “representative projects of the proposed consultants”...is that supposed to mean projects of the Prime Firm using these consultants in Higher Education CM@R delivery method? Or list the consultant’s projects with CM@R?
   **Answer:** Prime Firms shall provide representative projects of the proposed consultants that have had the Higher Education CM@R delivery method. The Prime Firm shall then detail how the consultant will be beneficial in the delivery of this project.

3. **Question:** The RFQ states that the project will "repurpose and renovate the designated 175,189 gsf spaces over the first four levels" but stated construction budget is only $5,805,000. Is that accurate? If the scope of renovation does include more than 175,000 gsf it would seem that the construction budget should be higher. Would you please confirm?
   **Answer:** The 175,189 gsf stated in the RFQ as well as the Construction Cost Limitation of $5,805,000 are both correct. The scope of work is limited to floors 1, 2, 3, and 4 only.

4. **Question:** What are the technology requirements for the project? Do we need a technology or AV consultant?
   **Answer:** Yes, you need both technology and AV consultants.

5. **Question:** One of our team members that we would like to propose is a contract worker for our company and works as a teacher at Texas State. Is this a conflict of interest to propose her on the team? Would it be in violation of 3.8.10 or can we propose her on the team and clearly state her connection to the university?
   **Answer:** We appreciate your honesty in disclosing the person’s relationship with Texas State University. We do not see that your contract person, who is also a faculty member, as a conflict of interest. The person you describe has no influence over contracts or vendor payment.

Addendum No. 1 - RFQ for Architect/Engineer Professional Services (posted 5/31/17)
Texas State University - Albert B. Alkek Library Learning Commons
Texas State University's intent is to transform the current Library into a Learning Commons – a modern, up-to-date facility that is functional and flexible; and is an inviting, welcoming, desirable place for study, research, and collaboration. Texas State University is seeking design services to repurpose and renovate the designated 175,189 gsf spaces over the first four levels to accommodate the services, functions, and user spaces in a different way that is reflective of today’s academic libraries incorporating sophisticated technology with comfortable, adaptable furnishings and equipment that support educational and research pursuit, i.e., the Alkek Library Learning Commons.

The Library recently completed an infrastructure upgrade of the 25 year-old building which concentrated on increasing electrical and data capacity throughout the building and installing raised access flooring on the 2nd (main) floor to support the initial Learning Commons area.

During the information gathering process which included building tours, user interviews, committee meetings, and programming workshops, numerous items were identified by the user representatives and stakeholders as required needs and visions for the continued development of the Learning Commons within the existing Alkek Library.

The following goals must be fulfilled to ensure the Learning Commons is a success:

- Develop areas within the Learning Commons to support a variety of flexible, collaborative, interactive Centers to provide student and faculty opportunities for exploration with rich and emerging technology. The Centers will include a virtual reality space, a maker space, a GIS/data research hub and a digital media/presentation practice space named the One Touch Studio in the programming report.
- Provide customer service areas to facilitate and enhance the user experience with the Learning Commons. This includes provision of assistance with research and location of materials and check out of equipment and materials as well as IT support.
- Create computer stations which offer multiple options for utilizing library-owned or patron-owned computers.
- Provide printing kiosks that are easy to find and easily accessible from adjacent computer areas.
- Create a space for a café on the entry level (second floor) with dedicated exterior access. Café will provide snacks, drinks, small meals and indoor as well as outdoor seating spaces.
• Create informative spaces for meeting and gathering by using all available niches and alcoves within the building to provide as much seating as possible.
• Provide student study spaces in a variety of different types, sizes, and locations.
• Provide spaces throughout the Learning Commons to exhibit and showcase art created by students, faculty, and or other artists. Exhibit spaces may be located among spaces or within dedicated areas.
• Develop classrooms with robust infrastructure to support flexible changing technologies and teaching pedagogies.

As part of the previously noted programming process each user group/organization with components in the Learning Commons completed a questionnaire and participated in a user interview. During each interview the users provided their overall views and visions of the Learning Commons and how they saw their groups and/or components fitting into the overall concept. These overviews provide a more detailed description of each group’s visions/goals and can be found in Chapter 3, Space and Adjacency Requirements.

**Total Construction Cost Limitation (CCL) for the project is $5,805,000.**

C. **Timeline**

**Project Planning Schedule:** Key Project planning schedule milestones are:

D. **Criteria**

**Criterion One: Statement of Qualifications**

1. Statement of Interest
2. Statement of availability
3. History of the Prime Firm and each consultant
4. Graphic representation of the project team

**Criterion Two: Prime Firm’s Ability to Provide Services**

1. Legal name, address, years in business, type of operation, number of employees, annual revenue (past 10 years)
2. Three most recent audited financial statements
3. Company currently for sale
4. Pending litigation
5. Default on any loan agreement or financing agreement
6. Family, business, or financial relationship between Owner employee, officer or Regent
7. Claims history

**Criterion Three:** Project Team’s Ability to Provide Design & Construction Administration Services
1. Proposed project assignments & lines of authority
2. Provide resumes of the professional members for each consultant
3. Clearly identify the members of the proposed team who worked on listed projects in Criterion 4
4. Basis of selection of Consultants
5. Prime Firm’s process in working with consultants
6. How Prime Firm and consultants will provide services during the construction administration process
7. Prime Firm’s past experience with the proposed consultants in the past five years
8. Provide representative projects of the proposed consultants in Higher Education CM@R delivery method

**Criterion Four:** Performance on Past Representative Projects
1. (5) projects most related to this RFQ (provide project name, location delivery method, color images, final construction cost w/change orders, project size in gross square feet, etc)
2. References which include Owner’s name and representative who served as the day to day liaison during the design and construction phases
3. References shall be considered relevant based on specific project participation and experience with the Respondent

**Criterion Five:** Best Practices
1. Design Philosophy, design methodology
2. Prime Firm’s quality assurance program
3. Team’s technical competence
4. Working experience with CM@R
5. Estimating methods for the design and construction phases
6. Develops and maintains work schedules
7. Project team’s experience in managing the impact of MEP systems on occupied/renovation buildings
8. Project team’s approach to assuring timely completion of this project

**Criterion Six:** Problem Resolution
1. Critical Issues of this project
2. Schedule limitations
3. Project team’s experience with renovation/expansion projects in occupied facilities
4. Creativity incorporating mechanical, electrical and plumbing solutions in similar structures

**Criterion Seven:** Respondent’s Understanding of & Experience with Building Information Modeling (BIM)
1. Project Team’s experience managing & facilitating BIM use on projects similar involving CM@R
2. Show BIM experience on the resumes of your Team Members
3. Describe any BIM-based efficiencies the team has provided on past projects in energy savings, cost and schedule
4. Describe how you can use BIM on this project: support better cost control, reduce buy-out risks while tightening CM Risk Contingencies

**Criterion Eight:** Execution of Offer

E. Historically Underutilized Businesses
Complete the HUB Subcontracting Plan and sign the affirmation.

F. Questions on the RFQ
All questions from the RFQ shall be submitted in writing and addressed to:
Addendum No. 1 - RFQ for Architect/Engineer Professional Services (posted 5/31/17)
Texas State University - Albert B. Alkek Library Learning Commons
RFQ No. 758-17-09069
G. Parking and permitting information.

- Vendors and contractors (including construction contractors) who have contracts with the university may purchase red restricted permits if they wish to have red restricted parking privileges. They may also purchase perimeter parking permits but can only park in the perimeter lots.

- Parking inside fenced staging or construction areas will be limited. The staging areas are not intended to be parking areas. They are generally limited to 1-4 spaces for the job superintendent and other essential personnel. The job superintendent will give authorization to park inside the staging area. A dashboard permit will be provided at no cost by Parking Services and must be displayed at all times when parking in the staged area. Vehicles parked outside the pre-arranged staging areas may be subject to ticketing, immobilization (booting), and towing. Construction contractors must purchase perimeter permits for their workers to park in lot P/AZ 10W (Bobcat Stadium West) and be transported to the job site if they choose to park on campus. Permits must be displayed in all vehicles to park legally on campus.

- Vendors or Service providers with no contractual relationship with the university must park in the pay garages or may purchase a perimeter permit and park in any perimeter lot. On a case-by-case basis, the Assistant Director of Parking Services, upon request, may approve the purchase of a red restricted permit.

- The annual cost of a red restricted parking permit is $335.00.

- The annual cost of a perimeter parking permit is $115.00.
