

# Sollus Northwest Administrative Fellowship Program

## Applications will be accepted starting December 2018. Deadline is January 28, 2019.

This 12-month, salaried program of the Yakima Valley Farm Workers Clinic provides extensive exposure to the management and unique dynamics of a Federally Qualified Health Center. Under the guidance of an executive mentor and supervisor, fellows gain the broad range of hands-on experience, knowledge, and skills to become successful leaders in any healthcare setting, with a special emphasis in community health.

This program is for master-level graduates with a desire and commitment to serve underserved populations, with an emphasis on the Latino population. Two selected applicants will begin their fellowship August 2019.

### Program includes:

- Orientation to Federally Qualified Health Center
- Department-based Training
- Rotational short-term projects
- Self-directed community service project

**Qualifications:** Applicants must be recent, master level graduates (less than 37 months from the program's start date) with a MHA, MBA, MPH, MPA or equivalent degree from an accredited graduate program in health and/or business field.
