- ID curriculum is accredited by Council for Interior Design Accreditation (CIDA)
- In the absence of high school language, 2 semesters of the same language must be taken at the college level
- It is strongly suggested that students consider transferring into the program prior to meeting all general education core curriculum requirements or course options may be limited. The completion of ID major course requirements alone requires a minimum of **8 semesters due to strict sequencing**, regardless of other credit hours accumulated
- \*\*Students will not receive general education core curriculum credit for both PHYS 1325 and PHYS 2425
- \*\*Students will not receive general education core curriculum credit for both CHEM 1310 and CHEM 1341
- Majors must pass all required Interior Design and Art classes with a grade of "C" or higher. Any student making a grade of "D" or lower in ID or ART courses may not proceed to the next level course until a grade of "C" or higher is achieved
- A proficiency review for all Interior Design majors is conducted by the Interior Design faculty immediately upon completion of all ID 2322 coursework. The purpose of the review process is to ensure that the most qualified students, evidenced by adequate skill and knowledge level, will advance in the program. Students must pass portfolio review to proceed to new Interior Design coursework, including the studio sequence beginning with ID 2323.
- Legend: \*=grade must be C or higher for prerequisite purposes; (WI)=Writing Intensive Course, (F)=historically offered in Fall semester only, (S)=historically offered in Spring semester only, (SU)=historically offered in Summer semester only
- **Total Minimum Hour Requirement for Graduation: 120 semester hours**
- **Minimum Advanced Hour Requirement for Graduation: 36 Advanced Hours (3000-4000) level classes**
- **Minimum Writing Intensive Hours Required for Graduation: 9**
