For the health and safety of all in attendance, face coverings will be required at all times. For more information including maps and important announcements, please visit www.txstate.edu/commencement.

Immediately following the main ceremony, individual college ceremonies will be available on the same website for viewing. All ceremonies will remain available for viewing at a later time.

COMMENCEMENT AND GRADUATION

Commencement is a ceremony in which graduates are recognized for their academic achievements. The commencement program reflects the name and degree of each graduate as well as the honors designation based on data available at the time of publication. Therefore, this program should not be considered an official list of graduates.

PRIDE AND TRADITIONS

Commencement is an important rite of passage with many time-honored traditions. From the ceremonial mace to the gown worn by graduates, every detail of a commencement ceremony is steeped in pride and tradition. To read more about commencement traditions at Texas State, please visit the commencement website at www.txstate.edu/commencement/candidate-information/program/Pride-and-Traditions.html.

This commencement program is available for viewing online at www.txstate.edu/commencement/candidate-information/program.

We look forward to celebrating with our Bobcat family.

Congratulations, graduates!

SPOTLIGHT ON RISING STARS

Over the past few years, several new degree programs have been initiated at Texas State University that will prepare our graduates for success in a technology and information dominant era. Recently, Texas State University developed graduate programs in construction management and data analytics and information systems that also offer flexible schedules and online components which better support working professionals that are seeking graduate level education.

The Master of Science degree with a major in construction management is increasingly becoming the degree program of choice among construction managers as the field becomes more technologically advanced and the industry more complex with governmental regulations. The purpose of the construction management master's degree program is to provide advanced project management principles and practices, critical thinking and creativity, and complex problem solving and decision making in construction projects as a specialized program for working construction professionals and others seeking master's level preparation. Further, the program will provide students with the skills to integrate information and communication technology in construction management. The non-thesis option of this program is offered 100 percent online.

The Master of Science degree with a major in data analytics and information systems prepares students to use information systems and quantitative skills to conduct data analysis on large datasets. Graduates will be capable of transforming large datasets into actionable information and have the communication skills necessary to present results and recommendations to decision-makers. The majority of this program may be offered online.

These programs are amongst many recently developed programs that will be impactful in facilitating the professional development of personnel in the workforce and in meeting the economic needs of the state of Texas.

Message from the Alumni Association President

Congratulations, Bobcats! On behalf of the Texas State University Alumni Association, it is my pleasure to congratulate you on your graduation and welcome you to our Bobcat alumni family. As you embark on the next phase of your life, remember you are not alone – you are now one of over 200,000 Bobcats worldwide! The purpose of the Alumni Association is to increase the connection alumni have with Texas State and provide opportunities for alumni to strengthen their connection with other Bobcats. I encourage you to take advantage of the great programs and events the Alumni Association sponsors and organizes.

To get started, here are some easy ways to get involved:

Stay Connected. Join our alumni online community, be part of the Bobcat Network on social media, share your story with us on Facebook or Twitter, and stay informed about what is happening at Texas State. Discover all that Texas State has to offer you not just now, but for a lifetime. For example, looking for a job? Texas State Career Services are available to alumni, too!

Become a Life Member. Joining the Alumni Association is the perfect way to demonstrate your Bobcat Pride and Spirit, gain access to a variety of benefits and create a lasting legacy. Your membership helps you remain a vital part of the Bobcat experience, powers alumni programming, strengthens the University and enhances student life. Special rates are available exclusively for new graduates.

Be Involved. Whether participating in a Texas State Alumni Chapter or group, attending alumni events or athletic events, you can join thousands of alumni who work together to preserve the excellence of Texas State University.

Give Back. The value of your degree is enhanced by the number of alumni who give back to the University, and there are many ways to do so. Volunteering with the Association or your college/department, serving as an advocate for Texas State by recruiting prospective Bobcats, or making a contribution during Step Up for State (our annual day-of-giving), are all great ways to support the Texas State Community.

You worked hard to earn your degree, and your Alma Mater is proud of you. Remember, our slogan of “Once a Bobcat, always a Bobcat,” means Texas State will always be an important part of you, and you will always be an important part of Texas State. Be a part of your Alumni Association, demonstrate your Bobcat Pride, and join the Alumni Association today at alumni.txstate.edu. I wish you all the best on your post-graduation endeavors, and I hope to meet many of you at future alumni events.

Again, we welcome you, congratulate you, and look forward to helping you maintain your relationship with Texas State University.
