SECTION 1 – GENERAL INFORMATION & REQUIREMENTS

1.1 GENERAL INFORMATION: The Texas State University System ("Owner") on behalf of Sam Houston State University, is soliciting Statements of Qualifications ("Qualifications") and Pricing and Delivery Proposals ("Proposals") for the selection of a Construction Manager-at-Risk firm for the Gibbs Ranch Equestrian Facility & Agriculture Labs (Phase 1) project ("Project"), on the Sam Houston State University, Huntsville, Texas campus. This solicitation sets forth the terms, conditions, and requirements for prospective Construction Manager-at-Risk entities ("CMR" or "CMRs") to be considered for this work. (Prospective CMRs submitting their Qualifications and Proposals in response to this solicitation are hereinafter referred to as “Respondents”). The Owner is requiring that the Qualifications, Proposals and HUB Commitment Letter (HCL) be submitted at the same time, but in separate, sealed packages.

1.1.1 The evaluation of Qualifications is the first step the Owner will take in a two-step process for selecting a CMR for the Project as provided by Texas Education Code §51.782(e). This Request for Qualifications/Proposals ("RFQ/P") solicitation package provides the information necessary to prepare and submit Qualifications for consideration and initial ranking by the Owner. During this first step in the selection process, Owner will evaluate and rank Respondents according to fixed evaluation criteria, considering only their qualifications and independent of any cost and compensation considerations.

1.1.2 In the second step of the process, Owner will open and evaluate the Proposals submitted in accordance with Section 4 of this RFQ/P. The results of the Qualifications and the Proposals evaluations will then be combined to determine the “most qualified” Respondent providing the “best value” proposition for the Owner. The Owner may select up to five (5) of the most qualified Respondents to participate in an interview with the Owner to confirm their Qualifications and Proposal and answer additional questions. The Owner will then rank the interviewed Respondents in order to determine a single most qualified Respondent providing the best value proposition to the Owner. The Owner reserves the right to conclude the evaluations and make a best value selection without conducting interviews.

1.2 PUBLIC INFORMATION: All information, documentation, and other materials submitted in response to this solicitation are considered non-confidential and/or non-proprietary and are subject to public disclosure under the Texas Public Information Act (Texas Government Code, Chapter 552.001, et seq.) after the solicitation is completed. The Owner complies with all statutes, court decisions, and opinions of the Texas Attorney General with respect to disclosure of RFQ/P information. Additionally, pursuant to the provisions of Texas Government Code Section 2261.253, the contract resulting from this solicitation will be posted on the Owner’s website.
1.3 TYPE OF CONTRACT: Any contract resulting from this solicitation will be in the form of the Owner’s Standard Construction Management-at-Risk Agreement (“Agreement”), a copy of which is posted on Owner’s website at: http://www.tsus.edu/offices/finance/capital-projects.html

1.3.1 The Agreement should be viewed as a draft and is subject to change. The Uniform General Conditions for Construction Contracts referenced in the Agreement may be viewed on the Owner’s website at: http://www.tsus.edu/offices/finance/capital-projects.html

1.4 CLARIFICATIONS AND INTERPRETATIONS: Discrepancies, omissions or doubts as to the meaning of RFQ/P documents shall be communicated in writing to the Owner for interpretation. Any responses to inquiries, clarifications or interpretations of this RFQ/P that materially affect or change its requirements will be issued formally by the Owner as a written addendum. All such addenda issued by the Owner before the Qualifications are due become part of the RFQ/P. Respondents shall acknowledge receipt of and incorporate each addendum in its Qualifications submittal. Respondents shall be required to consider only those clarifications and interpretations that the Owner issues by addenda. Interpretations or clarifications obtained in any other form, including oral statements, will not be binding on the Owner and should not be relied on in preparing Qualifications. It is the responsibility of all Respondents to check the status of formal addenda regularly and five (5) days before the submission deadline.

1.4.1 The deadline for the receipt of written questions is stated in Section 2.5.

1.4.2 ADDENDA AND AWARD INFORMATION, WILL BE ISSUED BY THE OWNER FOR THIS RFQ VIA THE ELECTRONIC STATE BUSINESS DAILY WEBSITE AT THE FOLLOWING LINK: http://www.txsmartbuy.com/sp REFERENCE “BOARD OF REGENTS/TEXAS STATE UNIVERSITY SYSTEMS – 758” AND THE RFQ NUMBER PROVIDED IN THIS RFQ.

Respondents are advised to use other methods of delivery or, if using an overnight delivery service, to send the responses a day earlier than usual. 1.8 **OWNER’S RESERVATION OF RIGHTS:** The Owner may evaluate the Qualifications based on the anticipated completion of all or any portion of the Project. The Owner reserves the right to divide the Project into multiple parts, to reject any and all responses to the current solicitation and reissue a completely new solicitation involving the same Project, or to simply reject any and all responses and permanently abandon the Project. Owner makes no representations, written or oral, that it will enter into any form of agreement for any project with any Respondent to this RFQ/P and no such representation is intended or should be construed by the issuance of this RFQ/P.

1.9 **ACCEPTANCE OF EVALUATION METHODOLOGY:** By submitting its Qualifications, Proposal, and HCL in response to this RFQ/P, Respondent accepts the evaluation process and acknowledges and accepts that determination of the “most qualified” firm(s) will require subjective judgments by the Owner. The results of this most qualified determination will be combined with the Proposal evaluation results to determine the best value proposition for the Owner. Determinations by the Selection Committee will be subjected to routine administrative review by the Owner’s executive officers but, once a selection is announced, it will not be subjected to further review.

1.10 **NO REIMBURSEMENT FOR COSTS:** Respondent acknowledges and accepts that any costs incurred from the Respondent’s participation in this RFQ/P process shall be at the sole risk and responsibility of the Respondent. All vendors must certify their eligibility by acknowledging the following statement, “Under Section 2155.004, Government Code, the vendor certifies that the individual or business entity named in this bid or contract is not ineligible to receive the specified contract and acknowledges that this contract may be terminated and payment withheld if this certification is inaccurate.” If a state agency determines that an individual or business entity holding a state
contract was ineligible to have the contract accepted or awarded as described above, the state agency may immediately terminate the contract without further obligation to the vendor. This section does not create a cause of action to contest a proposal or award of a state contract.

1.15 **SALES AND USE TAXES:** Section 151.311, *Texas Tax Code*, permits the purchase free of state sales and use taxes of tangible personal property to be incorporated into realty in the performance of a contract for an improvement to realty for certain exempt entities that include the Owner. The section further permits the purchase tax-free of tangible personal property (other than machinery or equipment and its accessories and repair and replacement parts) for use in the performance of such a contract if the property is "necessary and essential for the performance of the contract" and "completely consumed at the job site. "In addition, the section permits the purchase tax-free of a tangible service for use in the performance of such a contract if the service is performed at the job site and if "the contract expressly requires the specific service to be provided or purchased by the person performing the contract" or "the service is integral to the performance of the contract."

1.16 **CERTIFICATION OF FRANCHISE TAX STATUS:** Respondents are advised that the successful Respondent will be required to submit certification of franchise tax status as required by State Law (*Texas Tax Code* Chapter 171). The contractor agrees that each subcontractor and supplier under contract will also provide a certification of franchise tax status.

1.17 **REQUIRED NOTICES OF WORKERS' COMPENSATION INSURANCE COVERAGE:** The Texas Workers’ Compensation Commission has adopted a rule, Texas Administrative Code Title 28, Part 2, Chapter 110, Subchapter B, Rule 110.110, relating to REPORTING REQUIREMENTS FOR BUILDING OR CONSTRUCTION PROJECTS FOR GOVERNMENTAL ENTITIES. The rule implements sec. 406.096, *Texas Labor Code*, which requires workers' compensation insurance coverage for all persons providing services on a building or construction project for a governmental entity. The requirements of the rule are set forth in the Uniform General and Supplementary General Conditions for The Texas State University System Building Construction Contracts.

1.18 **INSURANCE REQUIREMENTS:** Bonds and insurance requirements are provided in Article 5 of the Uniform General Conditions and in the Owner’s Standard Contractor Agreement as denoted in Article 1.3 of this RFQ/P.

1.19 **PREVAILING MINIMUM WAGE RATE DETERMINATION:** Respondents are advised that the Texas Prevailing Wage Law will be administered. The penalty for violation of prevailing wage rates has been increased from $10.00 per underpaid worker per day or portion thereof to $60.00. The Prevailing Wage Rate for Walker County, Texas, can be found on the following website: [https://beta.sam.gov/](https://beta.sam.gov/)

1.20 **DELINQUENCY IN PAYING CHILD SUPPORT:** Under Section 231.006, *Texas Family Code*, the vendor or applicant certifies that the individual or business entity named in this contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this contract may be terminated, and payment may be withheld if this certification is inaccurate.

1.21 **NONDISCRIMINATION:** In their execution of this agreement, Respondent, consultants, their respective employees, and others acting by or through them shall comply with all federal and state policies and laws prohibiting discrimination, harassment, and sexual misconduct. Any breach of this covenant may result in termination of this agreement.
1.22 **NON-BOYCOTT ISRAEL VERIFICATION**: Pursuant to Section 2270.002 of the Texas Government Code, Respondent certifies that either (i) it meets an exemption criteria under Section 2270.002; or (ii) it does not boycott Israel and will not boycott Israel during the term of the contract resulting from this solicitation. Respondent shall state any facts that make it exempt from the boycott certification in its Response.

1.23 **CYBERSECURITY TRAINING PROGRAM**: Pursuant to Section 2054.5192, *Texas Government Code*, Contractor and its subcontractors, officers, and employees who are provided credentials granting access to Component’s computer system also known as Component’s information system, must complete a cybersecurity training program certified under Section 2054.519, *Texas Government Code* as selected by the Component. The cybersecurity training program must be completed during the term and any renewal period of this Agreement. Contractor shall verify in writing completion of the program to the Component within the first thirty (30) calendar days of the term and any renewal period of the Agreement. Failure to comply with the requirements of this section are grounds for termination for cause of the Agreement.

Respondent acknowledges that such a vaccine or recovery requirement would make Respondent ineligible for a state-funded contract.

1.27 **CRITICAL INFRASTRUCTURE AFFIRMATION**: Pursuant to Section 2274.0102, *Texas Government Code*, Respondent certifies that neither it nor its parent company, nor any affiliate of Respondent or its parent company, is (i) majority owned or controlled by citizens or governmental entities of China, Iran, North Korea, Russia, or any other country designated by the Governor under Section 2274.0103, *Texas Government Code*, or headquartered in any of those countries.

**SECTION 2 – EXECUTIVE SUMMARY**

2.1 **HISTORICAL BACKGROUND**: Founded in 1879, Sam Houston State University is the third oldest public university in Texas. During its 142 years of service, the University has touched the lives of generations of Texans while helping shape the educational, social, economic, and cultural development of the state. Sam Houston State University is a doctoral-granting university located in the rapidly growing 1-45 corridor north of Houston. Currently, Sam Houston State has approximately 21,500 students enrolled in one of 90 undergraduate or 70 graduate programs offered by 8 colleges. This year it has 10 doctoral programs.
2.2 **MISSION STATEMENT:** Sam Houston State University provides high quality education, scholarship, and service to qualified students for the benefit of regional, state, national, and international constituencies.

2.3 **PROJECT DESCRIPTION, SCOPE AND BUDGET:** The new Gibbs Ranch Equestrian Facility and Agricultural Labs (Phase 1) project will be constructed at the Sam Houston State University (the “University”) Gibbs Ranch property which fronts Texas Highway 75 North, approximately four miles northwest of the Main Campus in Huntsville, Texas. The Project will house several programs in the University’s Department of Agricultural Sciences and be home to the University’s rodeo team. The facility master plan, produced in March 2021, envisions a total site development of 2.6 million square feet (“SF”) that will ultimately encompass ten (10) new structures, one (1) relocated structure and significant exterior improvements through two phases of construction.

This Project is the initial phase and includes all primary sitework and site utilities to support both phases of vertical construction. Phase 1 includes a 15,000 SF Learning Center; the Plant Sciences facility with 15,000 SF Head House, plus three 4,000 SF Greenhouses; a 75,000 SF Multi-purpose Agricultural Center (arena) with attached 30,000 SF Rodeo Team Stall Barn; a 5,000 SF Equipment Shed; parking areas, landscaping, and support facilities. The structures are planned to be pre-engineered metal buildings, finished in accordance with the University’s campus standards. Sitework will require mass excavation and grading, new water, sanitary and storm sewers, gas, and primary electrical. The Phase 1 work must be coordinated with the ongoing use of Gibbs Ranch for academic purposes.

Phase 2, which has an undetermined start date, will include a meat sciences and food technology building, an equine science facility, and an equipment shed. To maintain consistency between the development’s two phases, the Owner may elect to forego the CMR RFQ/P selection process for Phase 2 and award those future CMR services to the successful Respondent to this RFQ.

The prospect of the University constructing a state-of-the-art agricultural facility has generated excitement amongst valued supporters of the University’s agricultural programs. Some of these supporters (“Donors”) are construction professionals wishing to make donations-in-kind to the Project consisting of materials and construction services. The University Advancement office has indicated the owner of a large Texas-based sitework contractor has committed to donating a significant portion of the sitework package for the Project. Additional Donors offering their services in support of the Project may pursue various elements of the work. It is anticipated that Donors will bid on the packages issued by the CMR. To facilitate these donations, the University contemplates there may be multiple bid packages with distinct notices to proceed and substantial completion dates. The CMR must ensure that all Donor supplied work is coordinated and overseen effectively. The CMR must also plan on the potential for multiple material substitution requests since various materials may be donated. The Donors are valuable members of the Project team and may offer their input during design phases of the Project, but work will be managed by the CMR.

The Respondent’s proposed fees, entered in the Respondent’s Pricing and Delivery form under Article 4.3.2. shall be based on the total Construction Cost Limitation value for the Project, irrespective of the potential value of donated materials or in-kind services provided by Donors. The Owner is prepared to negotiate the terms and conditions of the Agreement referenced under Article 1.3 with the successful Respondent to address potential adjustments to risk assignments, schedules, insurance coverages, and other standard requirements, as a result of potential Donor involvement in the Project.
The total Construction Cost Limitation for the project is Twelve Million Eight Hundred-Seventy Thousand Dollars ($12,870,000).

2.4 FACILITY PROGRAM: A Conceptual Master Plan for the Project is complete and will be provided to the firms selected to interview, if interviews are held. Refer to Attachment 3 - Illustrative Site Plan.

Re: Historically Underutilized Business Plan for Gibbs Ranch Equestrian Facility & Agriculture Lab for Sam Houston State University / Project Number 758-22-06072

Dear Mr. Nunez:

In accordance with the requirements outlined in the specification section 1.13 “HISTORICALLY UNDERUTILIZED BUSINESSES SUBMITTAL REQUIREMENTS” I am pleased to forward this HUB Commitment letter as an integral part of our proposal in connection with your invitation for request for this proposal.

I have read and understand Sam Houston State University’s policy on Utilization of Historically Underutilized Businesses (HUBs).

If awarded this agreement, we understand that we will be required to attend a meeting with the University’s HUB coordinator to discuss HSP requirements in soliciting for subsequent subcontractors for this project. Good Faith Effort will be documented and will contain a completed HUB Subcontracting Plan for each subcontracting opportunity.

Documentation of subcontracted work will be provided with each pay request on the Monthly Progress Assessment Report.

Sincerely,

Respondent’s Name

NOTE: In addition to the above, and distinct from any HUB Good Faith Effort required by Texas law, the Respondent is requested to submit a statement, in the Letter of HUB Commitment, describing in detail how the Respondent will commit to attract and use certified HUBs to meet or exceed the Sam Houston State University’s HUB Goals for all goods and services needed throughout the term of the agreement. Please also provide a statement as to what percentage of HUB participation you intend to achieve and what Respondent has done in the past to demonstrate its efforts in contracting with minority or women owned contractors.

I. GENERAL:

A. The mandatory Pre-Submittal Conference was held on September 15, 2021, at the Gibbs Ranch Conference Center. The Attendance Sign-In Sheets are included as part of this Addendum along with the questions and answers presented in response to this solicitation:

1. **Question:** Would there be any plan sets available to review for preparing their proposal?
   **Answer:** The Program Document will be made available to short-listed firms.

2. **Question:** Source of temporary power?
   **Answer:** The Construction Manager-at-Risk (CMR) may use the existing electrical service serving the outdoor arena.

3. **Question:** Will scope of work include offsite utilities?
   **Answer:** Project domestic water and sanitary sewer will tie into City of Huntsville public mains that run along Texas Hwy. 75.

4. **Question:** TxDOT coordination?
   **Answer:** At this time, there will be only one main entrance and a Driveway Permit will be required along with intersection pavement improvements that will be a part of the project.

5. **Question:** Coordination of donor in-kind services/materials?
   **Answer:** All work that will be performed by donors will be managed by the CMR including receipt and evaluation of proposals. Based on SHSU input, a list of material donations to be incorporated into the project will be developed and maintained by the CMR. The CMR will coordinate the substitution of the donated materials. Material donations may be whole or in-part to a specific building or area of the project. It is anticipated that rough site grading and relocation of the existing outdoor arena will be outside of the scope of the project and occur prior to NTP; this will be confirmed during Preconstruction. Finish grading will be part of the scope of work of the CMR.
