1. Introduction

Thank you for your ongoing support of the accreditation process. As part of your continuing accreditation you are required to submit an annual report and pay your annual maintenance fees. This annual report is a representation of what you are doing, not a determination of validity.

**NOTE:** All programs will be invoiced in January. Payment is not to be submitted prior to receipt of invoice. You will receive your invoice in the mail in January.

Your annual report is to be submitted via this online form no later than **March 1, 2018**.

Per the COAPRT Handbook:
- All programs are required to submit an Annual Progress Report providing statistics for the previous academic year, specifying improvements made, reporting any significant changes and reporting on status of the 1.0 series standards and standards 2.05.05, 3.06, 3.07, and the 7.0 series.
- An answer of “no” to questions involving the 1.0 series, 2.05.05, 3.06, and 3.07 standards would constitute non-compliance.
- For the 7.0 series, failure to report the use of three assessment measures (two of which must be direct) would constitute non-compliance.
- If non-compliance is noted, Council will impose Conditions and the program will have until August 1 prior to the Council’s Fall Meeting to bring the identified standard(s) into compliance.

Please contact us at COAPRT@nrpa.org if you have any questions.

Thank you!

   Our mission is to prepare students for many different careers within the recreation profession, including but not limited to programming, leadership, management, inclusion, and therapeutic interventions in private, public, and not-for-profit agencies. Through participation in this curriculum students learn how to design, implement, and evaluate recreation programs. Our students are mentored to build networks with professionals working in this field, and many of our classes include hands-on-service learning opportunities in collaboration with area leisure service agencies. We currently have two career paths: recreation administration and therapeutic recreation.
