**REQUEST FOR QUALIFICATIONS FOR  
ARCHITECT/ENGINEER PROFESSIONAL SERVICES  
LAMAR STATE COLLEGE-ORANGE  
ORANGE, TEXAS  
NEW ACADEMIC BUILDING  
RFQ No.: 758-22-03011**

**SECTION 1 – GENERAL INFORMATION & REQUIREMENTS**

- 1.1 **GENERAL INFORMATION:** The Texas State University System (“Owner”), on behalf of **Lamar State College-Orange**, is soliciting Statements of Qualifications (“Qualifications”) for the selection of an Architect/Engineer (“A/E”) firm for design of the **New Academic Building** project (“Project”) on the Lamar State College-Orange, Orange, Texas campus, in accordance with the terms, conditions, and requirements set forth in this Request for Qualifications (“RFQ”). Prospective A/E firms are hereinafter referred to as “Respondents”.
- 1.1.1 Collecting Qualifications in response to this RFQ is the first step in selecting an A/E firm. This RFQ provides the information necessary for Respondents to prepare and submit Qualifications for consideration by the Owner. In the next step the Owner will determine an initial ranking of the Respondents. If the initial ranking of the Respondents is reasonably conclusive, the Owner may make a “most qualified” selection based upon the written Qualifications only. If not, then the Owner may conduct interviews with a “short list” of Respondents.
- 1.1.2 The Owner may select up to five (5) of the top ranked qualified Respondents to participate in an interview with the Owner to confirm and clarify the Qualifications submitted and to answer additional questions. The Owner will then rank the interviewed Respondents in order to determine a single most qualified Respondent.
- 1.1.3 After selecting the most qualified Respondent the Owner will negotiate the detailed professional services to be provided by the A/E and a suitable fee for those services. The Owner will request a fee proposal from the most qualified Respondent, with supporting information demonstrating that the requested fee is justified by the level of effort (and related personnel costs) required to provide the services necessary for the design of the Project. Potential Respondents should be aware that, except in unusual cases, the Owner does not consider billable time incurred while traveling to and from the Project site, Owner’s offices, or Board of Regents meetings, as necessary to the completion of the Project. Potential Respondents whose offices are located where such time-consuming travel will be regularly required in the performance of services for the Project, should consider this policy when deciding whether or not to submit their Qualifications.
- 1.2 **PUBLIC INFORMATION:** All information, documentation, and other materials submitted in response to this solicitation are considered non-confidential and/or non-proprietary and are subject to public disclosure under the Texas Public Information Act (*Texas Government Code*, Chapter 552.001, *et seq.*) after the solicitation is completed. The Owner complies with all statutes, court decisions, and opinions of the Texas Attorney General with respect to disclosure of RFQ information. Additionally, pursuant to the provisions of *Texas Government Code* Section 2261.253, the contract resulting from this solicitation will be posted on the Owner’s website.
- 1.3 **TYPE OF CONTRACT:** Any contract resulting from this solicitation will be in the form of the Owner’s Standard Architect/Engineer Agreement, a copy of which is posted on Owner’s website

at: <http://www.tsus.edu/offices/finance/capital-projects.html> The Agreement should be viewed as a draft and is subject to change.

1.4 **CLARIFICATIONS AND INTERPRETATIONS:** Discrepancies, omissions or doubts as to the meaning of RFQ documents shall be communicated in writing to the Owner for interpretation. Any responses to inquiries, clarifications, or interpretations of this RFQ that materially affect or change its requirements will be posted by the Owner as written addendum. All such addenda issued by the Owner before the proposals are due, become part of the RFQ. Respondents shall acknowledge receipt of and incorporate each addendum in its Qualifications. Respondents shall be required to consider only those clarifications and interpretations that the Owner issues by addenda. Interpretations or clarifications in any other form, including oral statements, will not be binding on the Owner, and should not be relied on in preparing Qualifications. It is the responsibility of all Respondents to check the status of formal addenda five (5) days prior to the submittal deadline. The deadline for the receipt of written questions and submittal deadline is stated in Section 2.5.

1.4.1 ADDENDA AND AWARD INFORMATION, WILL BE ISSUED BY THE OWNER FOR THIS RFQ VIA THE ELECTRONIC BUSINESS DAILY WEBSITE AT THE FOLLOWING LINK: <http://www.txsmartbuy.com/sp> REFERENCE “BOARD OF REGENTS/TEXAS STATE UNIVERSITY SYSTEMS – 758” AND THE RFQ NUMBER PROVIDED IN THIS RFQ.

1.5 **SUBMISSION OF QUALIFICATIONS:**

1.5.1 The Qualifications must be received **at the address specified in Section 1.5.2 prior to the date and time deadline.** Please note that overnight deliveries such as FedEx and UPS arrive at a central campus location but are not usually delivered to the specified location until after the time deadline. Respondents are advised to use other methods of delivery or, if using an overnight delivery service, to send the Qualifications a day earlier than usual. The Owner will not consider any response to this solicitation that is not received at the address specified by the deadline, regardless of whether it has been received by the University.

1.5.2 **DEADLINE AND LOCATION:** The Owner will receive Qualifications and HSP Plans for RFQ No. 758-22-03011 at the time and location described below.

The top five (5) or fewer ranked Respondents may be selected by the Owner for further consideration by participating in an interview wherein Qualifications will be presented and examined in further detail and where questions will be posed by the Selection Committee and answered by the Respondent.
- 1.7.1 Qualifications submittals should not include any information regarding Respondent's proposed fees, pricing, or other compensation considerations as these will not be a factor in the selection of the most qualified Respondent.

The Owner reserves the right to divide the Project into multiple parts, to reject any and all Qualifications and re-solicit for new Qualifications, or to reject any and all submissions and temporarily or permanently abandon the Project. Owner makes no representations, written or oral, that it will enter into any form of

agreement with any Respondent to this RFQ for any project and no such representation is intended or should be construed by the issuance of this RFQ.

- 1.9 ACCEPTANCE OF EVALUATION METHODOLOGY: By submitting its Qualifications in response to this RFQ, Respondent accepts the evaluation process and acknowledges and accepts that determination of the “most qualified” firm(s) will require subjective judgments by the Owner. Determinations by the Selection Committee will be subject to routine administrative review by the Owner’s executive officers but, once a selection is announced, it will not be subject to further review.

- 1.13 HISTORICALLY UNDERUTILIZED BUSINESSES’ SUBMITTAL REQUIREMENTS: It is the policy of the Owner and each of its component institutions, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses (HUB) in all contracts. Accordingly, specific plans and representations by Respondents that appear to facilitate the State’s commitment to supporting HUB enterprises are required in the selection process. Failure to submit specific plans and representations regarding HUB utilization, or failure to address the subject at all, will be interpreted by the Selection Committee as an intention not to support the program and will disqualify the Respondent. If a state agency determines that an individual or business entity holding a state contract was ineligible to have the contract accepted or awarded as described above, the state agency may immediately terminate the contract without further obligation to the vendor. This section does not create a cause of action to contest a proposal or award of a state contract.

## **SECTION 2 – EXECUTIVE SUMMARY**

- 2.1 HISTORICAL BACKGROUND: In fall 1969 Lamar University opened its first extension center in Orange, Texas, with classes held in the old Tilley Elementary School. In 1971 the Texas Legislature passed legislation enabling Lamar University to operate a two-year educational center, thus removing the extension status and allowing students to take two full years of coursework on the Orange campus. In 1971 the building was destroyed by fire, and a spirited community-wide fundraising effort netted more than \$250,000 for the purchase of the former Sabine Supply Company building, located at 410 Front Street in Orange. Classes began at this location in fall 1971. Since that time facilities, enrollment and course offerings have grown steadily. Academic programs are offered in four divisions: Arts and Sciences, Business and Technology, Allied Health, and Education.

The Texas Legislature authorized the creation of the Lamar University System in 1983. In 1991 the Texas Legislature provided degree-granting authority to Lamar University-Orange. Lamar University-Orange, along with sister institutions in Port Arthur and Beaumont, was merged with The Texas State University System (TSUS), effective September 1, 1995. With System offices located in Austin, TSUS also includes Sam Houston State University, Texas State University, and Sul Ross State University. During the 1999 legislative session Lamar University-Orange was officially renamed Lamar State College-Orange.

Lamar State College-Orange currently has a student body totaling approximately 2,648. A variety of two-year academic programs is offered, leading to associate of science degrees. These programs will transfer to four-year institutions for students seeking baccalaureate degrees. Several technical/occupational programs are available, which lead to associate of applied science degrees or certificates of completion.

2.2 MISSION STATEMENT: Lamar State College-Orange will be the college of choice serving Southeast Texas and Southwest Louisiana as an exemplary place of learning. We strive to transform lives through the continual pursuit of academic, professional, and personal excellence. Lamar State College-Orange is committed to building the bridge to connect students who desire a productive future to opportunities of growth and success by providing a quality, innovated, and accessible education.

2.3 PROJECT DESCRIPTION, SCOPE AND BUDGET: The project is to construct a new Academic Center proposed at 31,850 assignable square feet which translates to approximately 51,350 gross square feet. The new two-story building will house large and small classrooms with computer labs. In addition, the building will include seven state-of-the-art science labs supporting the variety of disciplines such as anatomy, physiology, biology, microbiology, chemistry, and geology. Along with the instructional spaces, the building will contain a new student commons, offices for academic administration and faculty, and an Information Services suite. A media/video production suite will be used to meet the demand for multimedia support and new remote instructional methods as well.

The site for the new Academic Building is located on Green Avenue, directly north of the Orange Public Library. The scope of work is to design a building to create a new edge condition for the campus that corresponds to other campus buildings. The building should be sited to take advantage of the high visibility from Green Avenue and enhance the new pedestrian connection between the new building and the existing campus. The proposed position of the building will allow for a parking area that can be accessed from Main Avenue.

**The total Construction Cost Limitation for the project is \$28,353,000.**

2.4 FACILITY PROGRAM: The Architectural Space Program is available as Attachment 1 on the ESBD web page.
