Hello Honors Students,

We just wanted to remind you that registration for summer/fall 2020 begins next week on April 6! Honors courses go through a slightly different process than most other courses across campus, so please be sure to read the following information carefully.

On the first day of registration (April 6), some fall honors courses will be restricted to winners of the course lottery who attended Meet the Professor. These courses are listed below. What does this mean for everyone else? Other honors students will be able to register for those restricted courses beginning around 9 am the second day of registration (April 7).

We do have courses that are not restricted the first day of registration, so any honors student will be able to register for those courses as soon as registration begins. These courses are also listed below.

Please view the Honors College website for more course information including descriptions. Bobcat Schedule Builder almost never finds those departmental honors offerings, so you must go straight to the source. https://www.txstate.edu/honors/courses/offerings.html

Finally, a few classes like HON 4090/4390B Thesis, HON 4391 Independent Study and HON 3398G Psychology and Law require individual approval processes.

**Summer Honors courses – All courses open to all honors students except for thesis and independent study which need departmental approval.**

**Fall Honors courses available to ALL honors students on the first day of registration:**
- ACC2361.H01 INTRO TO FIN ACC
- BLAW2361.H02 LEGAL ENVIRON
