Dear Camper,

This checklist will help guide your packing for camp. This is just a guideline, what you ultimately bring is up to you as the camper. Keep in mind that camp is very active. Campers will be outside in the Texas heat every day and at least one activity per day will be in the water. Check the weather forecast before you come to camp to make sure that you will be properly dressed. We recommend bringing 1 suitcase or duffel and 1 backpack that can double as a day pack. You need to be able to carry all luggage yourself.

CLOTHING

- Clothing for 5 nights/6 days of camp
- Comfortable walking shoes
- Shoes for the river (no crocs or slides)
