Seventh Annual Ecycling Event

The 7th Annual Electronics Recycling Event is here! Bring your end-of-life electronics to the Strahan Parking lot on Saturday April 18th between 9am and 1pm to ensure they are disposed of properly. For more information about acceptable and not acceptable items, please contact the office of Environmental Health, Safety & Risk Management at 512-245-3616.

Animals on University Property Policy

As of 2006, Texas State University supported the efforts of the TNRM (Trap Nueter Release Maintain) for Feral Cat program. Upon careful review and consideration, the President’s cabinet has rescinded the University’s support for this program due to safety concerns and liability that could be brought to the University. As a result of this decision, the Animals on University Property Policy (UPPS 04.05.15) has been amended to preclude the feeding of feral cats or wild animals on campus stated in section 05.03. Any containers containing any type of food that would attract wild animals will be removed by EHS&RM or Facilities. http://www.fss.txstate.edu/ehsrm/about/procedure/Policies-1.html

Accident’s hurt - safety doesn’t
